## **The Holt Workbook:**

*Rescued (Holt Agency Book 1)* Becca Jameson, 2022-11-22 The Holt Agency is a spinoff from Becca Jameson's and KaLyn Cooper's Shadow SEALs books. The group of rescued SEALs have opened their own agency. Colette, a PhD student studying abroad, is tired of the constant barrage of bodyguards her father has assigned to her for most of her life. As a politician, his notoriety has always put her at risk. When Colette finds out she's pregnant, she'll do anything to keep her baby a secret even from her father. Tavis is a former Navy SEAL. He's not a babysitter. But when the Secretary of State hires you to guard his daughter, no is not an acceptable answer. Starting a relationship with the woman he's supposed to protect would get him fired. It would also leave her vulnerable. Falling for each other was never the plan. Tavis's protective instinct has him questioning the course of his life. Colette has a lot of decisions to make, none of them easy. The challenges could either tear them apart or bring them closer together. And when Colette's life is threatened, Tavis must not only protect her but their chance at a future together.

**Unchained (Holt Agency Book 2)** KaLyn Cooper, 2023-01-24 After being rescued from the Ethiopian rebels' prisoner of war camp, Keene Soto returned to the United States, a broken man. His torture had been of an especially personal nature. He believed himself to be only half a man and that half hadn't worked since his return to the USA. He was too damaged for any female so he gave up hope of finding love. Until she touched him. Kelly Edson had moved to the Holt farm with her son, Jock, when her stepbrother and his best friend opened the Holt Agency. She'd hoped living on the farm in the middle of nowhere, Indiana, would change her luck. She'd been a loser magnet. Almost every man she'd ever dated was a failure at life, pulling Kelly and her son down with him. Working two jobs and studying for her next nursing certification while raising a son she hadn't dated a loser in over two years. Because she hadn't been on a date. She was surrounded by hot single men who all worked for her brother and considered her a little sister. Except Keene. She looked forward to their nightly conversations on the porch swing. When Kelly and Keene discover she's the only one who can help him recover from his POW physical and emotional damage, will her brother keep them apart? When Kelly disappears, will the truth keep Keene from helping them find her?

While Theo Florakis still eludes him, Aaron Holt agrees to come back to the agency once his conditions are met. His first target though is not so easy. Mikita Bykov is a master assassin who has slipped through the grasp of every agency that has ever hunted him. To accomplish his mission, Holt may need to enlist the help of a new friend that assisted him in Singapore. But will they find the assassin before Bykov gets the chance to eliminate them? Shot In The Dark With Florakis apparently back in Greece, Holt heads there to find him again. But Florakis isn't going to let Holt find him that easily. He is.

**Classrooms and Libraries** Randy Bobbitt,2019-10-04 Controversial Books in K 12 Classrooms and Libraries Challenged Censored and Banned analyzes the history of controversy surrounding assigned reading in K 12 classrooms and books available in school libraries Randy Bobbitt outlines the history of book banning and controversy in the United States stemming from 1950s conservative Cold War values of patriotism and respect for authority and ramping up through the 1960s and onward as media coverage and parental intervention into the inner workings of schools increased The author

claims that sensitive topics including sexuality suicide and drug use do not automatically imply the glorification of deviant behavior but can be used constructively to educate students about the reality of life Bobbitt argues that in an effort to shield children from the dangers of controversial issues parents and administrators are depriving them of the ability to discover and debate values that are inconsistent with their own and those around them teaching instead that avoidance of different viewpoints is the solution Scholars of education communication literature and policy will find this book especially useful
