It can be soothing to care for houseplants and help them grow. But it's hard to take good care of your houseplants if you don't know what they are. Not all plants are created equal and the ideal care for one plant will quickly cause another to wither. That's why houseplant identification is so important. In this book you will discover the main types of plants, buying advice, and the conditions to provide each species. You will also learn about the causes for plant problems and pests that affect every grower from time to time, whether a beginner or pro. The top 20 plants list provided pulls all the advice together and gives you the best plants to get started with. All plants have a description, picture, and caring instructions to follow. And so much more. Get your copy today.
