rebels also establish new niches and new cultural styles If it were not for craft brewers who crusaded against industrial beer and proliferated brewpubs there would be no specialty beers in America But for nouvelle cuisine activists who broke the stranglehold of Escoffier's classical cuisine in France there would have been little hybridization and experimentation in modern cooking Market rebels also thwart radical innovation Rao demonstrates how consumer activists have faced down chain stores and big box retailers and how anti biotechnology activists in Germany penetrated pharmaceutical firms and delayed the commercialization of patents Read Market Rebels to learn how activists succeed when they construct hot causes that arouse intense emotions and exploit cool mobilization unconventional techniques that engage audiences in collective action You will realize how the hands that move markets are the joined hands of market rebels Some images inside the book are unavailable due to digital copyright restrictions
