The Objects In The Garden:

The Art and Philosophy of the Garden David E. W. Fenner, Ethan Fenner, 2024 In TThe Art and Philosophy of the Garden philosopher David Fenner and botanist Ethan Fenner examine the philosophical ideas lying behind one of the most universal human activities They strip away our assumptions and take a close look at gardens starting with a definition of what a garden is and argue for a particularly way of understanding their aesthetic properties Fenner and Fenner make the case that many gardens have a claim to being legitimate works of art Their comprehensive and accessible discussion contributes to the resurgence of the theory of gardens and gardening and will also interest any thoughtful person who cares about gardens

The Garden as an Art Mara Miller, 1993-07-01 In this book Miller challenges contemporary aesthetic theory to include gardens in an expanded definition of art She provides a radical critique of three central tenets within current intellectual debate first the art historical notion that art should only be studied within the context of a single culture and period second the philosophical belief that art should be conceived as a discrete object unrelated to our survival as persons as cultural communities as a species and third the notion that all signifying systems are like language

From Garden Art to Landscape Architecture Joachim Wolschke-Bulmahn, Ronald Clark, 2021-04-26 Originally the area of responsibility for landscape architecture was based on the premise that the planning and creating of open spaces such as parks and gardens was the business of garden artists Today the training of landscape architects and future challenges of the profession include the protection of natural resources and the environment urban planning or tourism to name but a few The international symposium From Garden Art to Landscape Architecture Traditions Re Evaluations and Future Perspectives addressed questions which based on the idea of garden art should help to reconstruct its historical development but also discussed the notion and the relevance of art in everyday work
