The Of Demons:

The Science of Demons Jan Machielsen, 2020-03-18 Witches ghosts fairies Premodern Europe was filled with strange creatures with the devil lurking behind them all But were his powers real Did his powers have limits Or were tales of the demonic all one grand illusion Physicians lawyers and theologians at different times and places answered these questions differently and disagreed bitterly The demonic took many forms in medieval and early modern Europe By examining individual authors from across the continent this book reveals the many purposes to which the devil could be put both during the late medieval fight against heresy and during the age of Reformations It explores what it was like to live with demons and how careers and identities were constructed out of battles against them or against those who granted them too much power Together contributors chart the history of the devil from his emergence during the 1300s as a threatening figure who made pacts with human allies and appeared bodily through to the comprehensive but controversial demonologies of the turn of the seventeenth century when European witch hunting entered its deadliest phase This book is essential reading for all students and researchers of the history of the supernatural in medieval and early modern Europe **Mother of Demons** Eric Flint, 1997-09 Mother Of Demons *City of Demons* Dayna S. Kalleres, 2015-10-13 Although it would appear in studies of late antique ecclesiastical authority and power that scholars have covered everything an important aspect of the urban bishop has long been neglected his role as demonologist and exorcist When the emperor Constantine made Christianity the official religion of the realm bishops and priests everywhere struggled to Christianize the urban spaces still dominated by Greco Roman monuments and festivals During this period of upheaval when congregants seemingly attended everything but their own orthodox church many ecclesiastical leaders began simultaneously to promote aggressive and insidious depictions of the demonic In *City of Demons* Dayna S Kalleres investigates this developing discourse and the church sponsored rituals that went along with it showing how shifting ecclesiastical demonologies and evolving practices of exorcism profoundly shaped Christian life in the fourth century *John Constantine: Hellblazer - City of Demons* Si Spencer, 2011-05-24 A new adventure starring Vertigo's longest running antihero John Constantine England's chain smoking low rent magus featuring artwork by Sean Murphy illustrator of *JOE THE BARBARIAN* When John Constantine is run over by a truck it takes a little while for England's nicotine fueled magus to realize that he's perched between life and death After a few weeks of hospital rehab Constantine finds the London streets very different from when he left them behind as a series of occult murders and mutilations demands his attention The common denominator points back to the ER where Constantine was admitted *The Encyclopedia of Demons and Demonology* Rosemary Guiley, 2009 Explores this dark aspect of folklore and religion and the role that demons play in the modern world Includes numerous entries documenting beliefs about demons and demonology from ancient history to the present *Demonology and Devil-lore* Moncure Daniel Conway, 1879 **The Unitarian Handbook of Scriptural Illustrations & Expositions [by R.
