The Complete Trumpet Player 1 Complete Trumpet Player:

A Dictionary for the Modern Trumpet Player Elisa Koehler, 2015-03-01 Titles in Dictionaries for the Modern Musician series offer both the novice and the advanced artist key information designed to convey the field of study and performance for a major instrument or instrument class as well as the workings of musicians in areas from conducting to composing. Unlike other encyclopedic works contributions to this series focus primarily on the knowledge required by the contemporary musical student or performer. Each dictionary covers topics from instrument parts to playing technique and major works to key figures. A must have for any musician's personal library. Trumpeters today perform a vast repertoire of musical material spanning 500 years much of it in a variety of styles and even on a number of related instruments. In *A Dictionary for the Modern Trumpet Player* scholar and performer Elisa Koehler has created a key reference work that addresses all of the instruments in the high brass family providing ready answers to issues that trumpeters, conductors, and musicians commonly and sometimes not so commonly encounter. Drawing on a broad range of scholarly sources *A Dictionary for the Modern Trumpet Player* includes entries on historic instruments like the cornetto, keyed bugle, and slide trumpet, jazz trumpet techniques, mutes, and accessories, and ancient ancestors of the trumpet and related non-Western instruments. In addition to its concise and detailed definitions, this work includes biographies of prominent performers, teachers, instrument makers, and composers of trumpet solo and ensemble literature often omitted from other musical references. Carefully labeled illustrations illuminate the inner workings of various valve mechanisms, allowing readers to visualize the more technical points of high brass instruments. Appendixes include a timeline of trumpet history, a survey of valve mechanisms, a list of prominent excerpts from the orchestral and operatic repertoire, and an extensive bibliography. From quick definitions of confusing terms in a musical score to an in-depth overview of trumpet history, *A Dictionary for the Modern Trumpet Player* is an ideal reference for students, professionals, and music lovers.
