*In Search of Africa* Manthia Diawara,2009-07-01 There I was standing alone unable to cry as I said goodbye to Sidim Laye my best friend and to the revolution that had opened the door of modernity for me the revolution that had invented me This book gives us the story of a quest for a childhood friend for the past and present and above all for an Africa that is struggling to find its future In 1996 Manthia Diawara a distinguished professor of film and literature in New York City returns to Guinea thirty two years after he and his family were expelled from the newly liberated country He is beginning work on a documentary about S kou Tour the dictator who was Guinea s first post independence leader Despite the years that have gone by Diawara expects to be welcomed as an insider and is shocked to discover that he is not The Africa that Diawara finds is not the one on the verge of barbarism as described in the Western press Yet neither is it the Africa of his childhood when the excitement of independence made everything seem possible for young Africans His search for Sidim Laye leads Diawara to profound meditations on Africa s culture He suggests solutions that might overcome the stultifying legacy of colonialism and age old social practices yet that will mobilize indigenous strengths and energies In the face of Africa s dilemmas Diawara accords an important role to the culture of the diaspora as well as to traditional music and literature to James Brown Miles Davis and Salif K ita to Richard Wright Spike Lee and the ancient epics of the griots And Diawara s journey enlightens us in the most disarming way with humor conversations and well told tales [Rethinking Chicana/o and Latina/o Popular Culture](#) D. Pérez,2016-02-05 Through a gender ethnicity and sexuality lens P rez demonstrates that queer Chicana o and Latina o identities are much more prevalent in cultural production than most people think By claiming a variety of characters and texts as queer he expands the breadth of queer representation in cultural production
