Talmage, 2015-07-20 Among the numerous sects and churches of the present day the Latter day Saints are distinguished as builders of Temples In this respect they resemble Israel of olden time It is not surprising that great and widespread interest is manifest respecting this peculiarity of the Church of Jesus Christ of Latter day Saints nor that questions are continually arising as to the purpose and motive behind this great labor and the nature of the ordinances administered in these modern Houses of the Lord To answer some of these questions and to place within the reach of earnest inquirers authentic information concerning the doctrine and practice of Temple ministration this book has been written By way of affording means of easy comparison between the Temple building achievements of past and those of current time a brief treatment of the sanctuaries of earlier dispensations has been included While detailed information pertaining to ancient Temples and

related sanctuaries is accessible to all through cyclopedias Bible dictionaries and works of more special scope but little concerning the Temples of today and the sacred service therein rendered has been published in separate form The official History of the Church of Jesus Christ of Latter day Saints contains abundant data on the subject but the information is distributed through many tomes and is of access to comparatively few The Holy Bible: Book of Job, Psalms, Proverbs, Ecclesiastes, and Song of Solomon ,1876 A Candle to Light Lord Lauderdale, and the House of Peers, Through a Dark Passage.
