The Marsh Lions:

The Marsh Lions Brian Jackman, Jonathan Scott, 2012 For five years Brian Jackman and Jonathan Scott followed the Marsh pride recording the daily drama of life and death in Kenya's finest big game country. In time they came to regard many of the lions as old and familiar companions: the irascible Notch and her half sister Shadow the misfit Mkubwa and the majestic Scar. These lions are real individuals whose lives intimately observed and illustrated offer a unique insight into the world of the African plain. Back cover *The Marsh Lions* Brian Jackman, 2012 A bestseller when first published in 1982, *The Marsh Lions* portrays a vivid picture of life and death on the African savannah through the story of a pride of lions in Kenya's world famous Masai Mara game reserve. The story is essentially a true one. All the central characters are real and most of the incidents described actually happened. For five years Brian Jackman and Jonathan Scott followed the Marsh pride and their progeny painstakingly recording the daily drama of life and death on the African plains. In time they came to regard them as old and familiar friends and real individuals: the big resident males Scar, Brando and Mkubwa and three lionesses known as the Marsh sisters. Their lives together with the leopards and cheetahs that shared their wild paradise offer a unique insight into the unforgiving world of these magnificent carnivores. *The Marsh Lions* were the most successful group to be filmed for *Big Cat Diary*, the BBC's hugely successful TV series. With Jonathan Scott as co-presenter, *The Big Cat Diary* camera teams allowed millions of viewers to observe the ongoing saga of the Marsh pride at a time when lions are fast disappearing all over Africa. *The Marsh Lions* is a powerful reminder of what the world stands to lose if the big cats were to vanish forever and highlights the need to cherish the Mara as one of the most beautiful of the earth's wild places. This edition of the book includes a new chapter bringing the story up to date with the pride as it is now, alongside photos of the new lions. The book is illustrated with photographs and drawings by Jonathan and Angela Scott. **The Great Migration** Jonathan Scott, 1988

The Man Who Loved Pink Dolphins Anthony Ham, 2022-08-02 Acclaimed travel and nature writer Anthony Ham spotlights the world's largest rainforest in this unique combination of international politics, conservation, true crime, travel biography and memoir. This is the story of Christopher Clark, a remarkable man who spent his life helping to save a pristine corner of the Amazon rainforest in Brazil. Clark's strict childhood sent him far from home in search of adventure, landing him in the Amazon where he fell in love with the forest, its people and its wildlife. When a village elder in a dying riverbank town begged him to save the forest and its inhabitants, this challenge became his life's work. Over the next thirty years he set up home in one of the most remote parts of the Amazon and lived an extraordinary life. Together with the isolated Waimiri Atroari Indigenous people, he stared down men with machine guns, weathered government campaigns to discredit and drive him out, apocalyptic fires and more. Australian writer Anthony Ham travelled to Clark's forest home in Xixua and listened as Clark told his story for the first time. With Valdemar, an Indian guide and Clark's lifelong friend, they explored the forest world in a dugout canoe as pink dolphins swam beside them. They spoke for days over caipirinhas as Clark told stories of close

encounters with jaguars and anacondas of his life among the people of the Amazon and of the deadly threats still being made against him Ham brings to life the forest and its many dark and beautiful secrets as well as depicting Clark in all his complexity In the process the two men writer and activist became friends and together faced one last attempt on Clark s life At a time of great peril for the Amazon and its inhabitants as vast areas are being destroyed with frightening consequences for our planet the rainforest itself becomes a haunting character in this gripping book The Man Who Loved Pink Dolphins is captivating crucial terrifying and hopeful and is very much a story of our time Praise for The Last Lions of Africa Urgent and important This moving tale with a heroic cast of characters leonine and human is a must read for anyone passionate about wildlife and wild places Tony Park author of Last Survivor A moving journey Ham is a beautiful storyteller Australian Women s Weekly This is gripping insightful evocative and ultimately heartbreaking reading Travel Africa The Last Lions of Africa took me to new horizons among familiar territory to a richer more spiritual understanding of us and lions What a thoughtful educational and spiritual book Jonathan Scott author of The Marsh Lions Sacred Nature and Big Cat Diary The Last Lions of Africa is much more than a tale about the struggle to save the lion from extinction What makes it so rewarding and gives it mythic resonance is the way Ham captures the intimate complex interrelationships between humans farmers villagers hunters conservationists and these proud awe inspiring beasts Sydney Morning Herald **In the marsh** Bessie C.
