## **The Masters Speak:**

*The Masters Speak, Twenty-Seven Dialogues, The Himalayan Journals* M.G. Hawking, 2025-08-29 The dialogues presented in this book are transcribed from explorer M G Hawking's journals chronicling his conversations with extraordinary men and women he encountered in a remote region of the vast frozen fortress of the Himalayas allowing readers to experience first hand their expressions of the fundamental knowledge essential principles of consciousness and specific practices that can enable extraordinary perceptive abilities and powers

**Reviews** What a rare resource Hawking brings together an important anthology from an amazing number of adepts masters with whom he engaged during a five year trip to the Himalayas I took pages of notes highly beneficial for anyone on the path to enlightenment Nothing else like this out there Absolutely mind blowing I am a long time student of the occult and this book's knowledge far surpasses anything I have ever read in over 50 years of reading Made abstract concepts clear Truly life changing for me

*The Masters Speak* is an amazing read the book is riveting From the author The knowledge and techniques presented in this book arise directly from the esoteric teachings of profoundly enlightened individuals If studied with patience and fully integrated into your core belief system these teachings will lay the foundation necessary to enable you to acquire very unique abilities Yet nothing explained in this volume is supernatural or beyond the ability of a properly equipped individual These abilities are not miracles Quite the contrary They do not require any capacities that are not inherent in the human species as a whole if those capacities are properly recognized and developed These discourses are intended for those whose passion for knowledge has instilled an enduring aspiration to see things whole to pursue the deepest understanding of consciousness and our true place and power in the Universe M G Hawking For untold millenniums this knowledge has been known only to a privileged few revelations long concealed from the world at large As entertaining as it is enlightening this is an incomparable book for anyone on a spiritual path or seeking greater knowledge and personal power
