The New Thing:

I Will Do A New Thing Roberta H. Winter, 2011-06-28 The Unfinished Task It all started when Ralph Winter gave an address at Lausanne called The Unfinished Task urging the missions world to focus on a new type of evangelism to reach hidden or unreached peoples Soon he and his wife Roberta were founding a center to help mission agencies fulfill that task Around them gathered a group of experienced missionaries computer scientists and unusually dedicated young people in order to buy a college campus This story as told by Roberta of their cliff hanging prayer meetings and spiritual battles with a cult will reignite your determination to work with Jesus to finish the Father s work John 4 This new edition includes previously unpublished chapters from her original manuscript and an updated epilogue inviting you to partner with the USCWM today as the task remains unfinished Don t read this story unless you re willing to have your horizons stretched your faith tested and your future disturbed

Do the Next New Thing Pamela Lamp, 2024-07-25 Many of us have been there Because of life changes kids are grown and gone divorce relocation retirement death health issues we ponder what s next and try to determine a direction for our lives We re often stuck wanting to do something but not knowing what that something is And how do you figure it out When she desired a purpose a passion friends and a community Pamela Lamp devised a project for herself She took those first few steps steps anyone can take to find herself and begin the journey she wished to travel Like a conversation with a good friend this book is full of observations of what might just happen when you take a step back embrace uncertainty and let go of control

Revolution! It Ain't No New Thing Andrew Harris, 2021-01-27 Revolution It Ain t No New Thing is an extraordinarily well written expos uncovering promising possibilities of another era of American generational consciousness evolution Using analogical arguments to support his bold new assertions and predictions Dr Harris examines in great historical detail the evolution of political consciousness and how it has evolved over many millennia In the prologue he defines political consciousness as being both individual and group awareness derived from a common set of beliefs and values or value regimes He further details how ancient civilization s political societies evolved dating back to Babylon Prussia Egypt and the Middle East to the founding of America s democratic republic and today s societal efforts toward a more perfect union Revolution It Ain t No New Thing exposes an unambiguous contrast between revolution and evolution Whereas an act of revolution always ushers in a complete political regime change evolution involves a modification of an existing political regime by changing its political and civic polity In order to drive home this point Andrew tells his personal story of being politically radicalized as a young Black boy in the suburbs of New York City during the civil rights movement In chapter 6 he brilliantly conceives a political conceptual framework entitled The EING Factors exclusivism inclusivism nationalism and globalism that identifies and contextualizes different political regime eras beginning with the American Revolutionary War the Great Depression and World War II the civil rights movement to today s millennial generation crisis Dr Harris concludes by addressing some questions surrounding how America can prepare for a new political
