The New Worker in Soviet Russia Irving R. Levine, 1973      **A History of the Soviet Union from the Beginning to the End** Peter Kenez, 2006-05-01 An examination of political social and cultural developments in the Soviet Union The book identifies the social tensions and political inconsistencies that spurred radical change in the government of Russia from the turn of the century to the revolution of 1917 Kenez envisions that revolution as a crisis of authority that posed the question Who shall govern Russia This question was resolved with the creation of the Soviet Union Kenez traces the development of the Soviet Union from the Revolution through the 1920s the years of the New Economic Policies and into the Stalinist order He shows how post Stalin Soviet leaders struggled to find ways to rule the country without using Stalin's methods but also without openly repudiating the past and to negotiate a peaceful but antipathetic coexistence with the capitalist West In this second edition he also examines the post Soviet period tracing Russia's development up to the time of publication      **Job Rights in the Soviet Union** David Granick, 1987-09-25 The book is concerned with the right of an employee of a Soviet state enterprise to keep his existing job unless he/she voluntarily quit it to search for another and with the maintaining of overfull employment in all regional labor markets of the Soviet Union The author hypothesizes that over most other objectives to preserving these conditions favorable for labor This hypothesis is contrasted with that which explains the low unemployment and low dismissal rate in the Soviet Union simply by the overheating of the economy finding a parallel here with capitalist economies in high boom periods The novelty of the book is twofold It is the first examination of the Soviet economy from the theoretic viewpoint described above Second it is a full length treatment of labor markets in the Soviet Union and is the first study of such markets since that of Abram Bergson published in the 1940s Indeed no similar treatment of labor markets exists for any centrally planned socialist economy      **Soviet Russia**, 1920      **Soviet Russia Pictorial**, 1924      **The American Review on the Soviet Union**, 1946      *USSR Information Bulletin*, 1946      *Soviet Union Review*, 1924
