The Oecd Jobs Study Facts Analysis Strategies:

The OECD Jobs Study Organisation for Economic Co-operation and Development,1994 The OECD Jobs Study Organisation for Economic Co-operation and Development,1994 This report offers a concise examination of the issue of unemployment examining causes and fundamental factors and offering a menu of measures that could help create jobs and prepare people to fill them Back cover ed **The OECD Jobs Study** ,1994 □□□□□□□□□□ ,1994 **The OECD Jobs Study** ,1994 This report provides a detailed empirical and analytical underpinning to the report The OECD jobs study facts analysis strategies examining labour markets and analysing how unemployment has been affected by factors such as macroeconomic management competition from low wage countries faster technological change and slow adjustment to new jobs and skills It is argued that much unemployment is the result of societies failure to adapt to a world of rapid change and intensified global competition The report describes varying patterns of performance and policy needs in different OECD countries Back cover ed **Fighting Unemployment** David R. Howell,2005 Critically assessing the widely accepted view that the cause of unemployment is excessive labor market regulation and overly generous welfare state benefits this book s chapters include both cross country statistical analyses and country case studies **The Education-jobs Gap** D. W. Livingstone,1999-01-01 This text s basic argument is that our knowledge generally far exceeds our job opportunities

Dimensions of Inequality in Canada David A. Green,Jonathan R. Kesselman,2011-11-01 Is Canada becoming a more polarized society Or is it a kind hearted nation that takes care of its disadvantaged This volume closely examines these differing views through a careful analysis of the causes trends and dimensions of inequality to provide an overall assessment of the state of inequality in Canada Contributors include economists sociologists philosophers and political scientists and the discussion ranges from frameworks for thinking about inequality to original analyses using Canadian data to assessments of significant policy issues methodologies and research directions What emerges is the most detailed picture of inequality in Canada to date and disturbingly one that shows signs of us becoming a less just society An invaluable source of information for policy makers researchers and students from a broad variety of disciplines Dimensions of Inequality in Canada will also appeal to readers interested or involved in public debates over inequality The European Employment Strategy Diamond Ashiagbor,2005 Labour law and social policy have long provided an arena within which key debates over the depth and pace of European integration have taken place Increasingly as the European Union s employment policy has matured employment and economic policy discourses have come to displace discourses around social policy and social law a displacement which has occurred in tandem with a shift from legislative harmonisation to the use of soft law and governance by means of guidelines This book charts the evolution of the European Employment Strategy and the new forms of governance to which it has given rise in particular the open method of coordination It offers an interdisciplinary exploration of European social law and employment policy scrutinizing the law and economics of labour market regulation in the European context and

responding to the economic critique of traditional notions of social protection Through a detailed examination of the legal and economic underpinnings of the European Employment Strategy the author outlines the implications of this strategy for labour law social protection and industrial relations within the EU Using the open method of coordination in the European Employment Strategy as a case study the book also provides a timely contribution to the growing literature on new governance in the EU This innovative form of governance has the potential to forge a middle course through the regulatory choices facing the EU the choice over the appropriate level of regulation in the EU whether national or supranational that over the legitimate role for the state in regulating or deregulating the labour market and ultimately the choice between centralised harmonization and regulatory competition Economic Round-up ,1997 *Innovations in Labour Market Policies* David Grubb,Douglas Lippoldt,Peter Tergeist,2001 With the introduction of Job Network on 1 May 1998 job matching and other employment assistance services in Australia were subcontracted to hundreds of private and community organisations How well has this radical innovation worked When jobseekers h *Flexibility and Work Organisation* Gerhard Bosch,1995 **European Economy** ,1997 **The Public Employment Service in a Changing Labour Market** N.
