N. Roy PhD,Margaret P. Roy,2022-10-18 King Solomon is known as the wisest and richest man to have ever lived but who was this man really Even though we read his words in the Bible this man who was the son of the man after God s own heart remains a mystery to this day Even his death is veiled in conspiracy theories How could a man who was granted his greatest wish by God Himself be so enamored with the pleasures of this world hungry for sex power and more wealth In King Solomon s Empire Archie and Margaret Roy take an in depth look into the life of the wise king and the kingdom he led Through this study the reader will come to understand the time in which King Solomon ruled enter into the temple that he built for his God and follow his path to a life of striving after wind While the mystery still remains unsolved perhaps the reader will come to learn some lessons from the man and avoid some of the pitfalls in their own life as there is truly nothing new under the sun     Jesus as Mirrored in John James H. Charlesworth,2018-12-13 James H Charlesworth begins from a burgeoning point of scholarly consensus More and more

scholars are coming to recognize that the Fourth Gospel is more historically complex than previously thought Charlesworth outlines two historical horizons within John On the one hand there is the Jewish background to the text complete with the evangelist s knowledge of Palestinian geography and Jewish customs which Charlesworth perceives as offering a window into pre 70 Palestinian Judaism On the other hand the gospel also reflects a post 70 world in which non believing Jews with more unity begin to part definitely with those who identified Jesus as the Messiah Split into four sections this volume first examines the origins of the Fourth Gospel its evolution in several editions and its setting in Judea and Galilee Charlesworth then looks specifically at the figure of Jesus and issues of history He proceeds to consider this Gospel alongside earlier and contemporaneous Jewish literature most notably the Dead Sea Scrolls Finally the volume engages with John s symbolism and language looking closely at key aspects in which John differs from the Synoptic Gospels and raising such provocative questions as whether or not it is possible that Jesus married Mary Magdalene From one of the New Testament s most noted scholars this book allows deeper understanding of the ways in which the Gospel of John is a vital resource for understanding both the origin of Christianity and Jesus position in history
