Spiral Dance:

The Spiral Dance Starhawk, 2011-09-13 The twentieth anniversary edition of The Spiral Dance celebrates the pivotal role the book has had in bringing Goddess worship to the religious forefront. This bestselling classic is both an unparalleled reference on the practices and philosophies of Witchcraft and a guide to the life affirming ways in which readers can turn to the Goddess to deepen their sense of personal pride, develop their inner power and integrate mind, body and spirit. Starhawk's brilliant comprehensive overview of the growth suppression and modern day re-emergence of Wicca as a Goddess-worshipping religion has left an indelible mark on the feminist spiritual consciousness. In a new introduction Starhawk reveals the ways in which Goddess religion and the practice of ritual have adapted and developed over the last twenty years and she reflects on the ways in which these changes have influenced and enhanced her original ideas. In the face of an ever changing world this invaluable spiritual guidebook is more relevant than ever.

Goddess Worship, Witchcraft, and

Neo-Paganism Craig S. Hawkins, 1998 This volume of the Zondervan Guide to Cults and Religious Movements discusses Goddess Worship and the impact native religious traditions of Europe and tribal traditions from North America have on Neo-paganism.

Creating Circles and Ceremonies Oberon Zell-Ravenheart, Morning Glory Zell-Ravenheart, 2006-07-07
Creating Circles and Ceremonies is the accumulation of decades of circles, ceremonies, rituals, Mystery plays, initiations, rites of passage and other magickal workings co-created by the Zell Ravenhearts today's foremost Wizard Witch couple. For more than 30 years Oberon and Morning Glory have traveled widely throughout the worldwide magickal community, participating in gatherings, conducting workshops and creating rituals for groups large and small. They have met and made Magick with the leaders of many traditions: Celtic Shamanism, British Dianic, Italian Strega, Welsh Witchcraft, Faerie Trad, Ceremonial Magick, Ozark Druidry, the New Reformed Order of the Golden Dawn, NROOGD, Hinduism, Native American tribes, Greek and Egyptian mythology and the futuristic Church of All Worlds. Here in one easy-to-read volume is their collection of chants, invocations, circle castings, quarter callings, spells and ceremonies. It is also a kit to use to assemble your own rituals for any season or reason. Book I presents a basic ritual outline. Each element is followed by numerous examples which may be plugged in to customize your own ceremony. Book II gives numerous examples of actual ceremonies, Esbats, full Moons and special occasions, Rites of Passage, Mysteries and Initiations, spells and consecrations. These can be adapted and modified as needed for any size group, from small family gatherings in your living room to huge outdoor celebrations involving thousands of people. Book III provides an assortment of full rituals and ritual elements for celebrations of the eight great seasonal festivals called the Wheel of the Year. Versions of these have been commemorated for millennia in most traditional cultures of the Northern Hemisphere and today are universal throughout the worldwide Pagan community.

Engaging Donna Haraway Cynthia Huff, Margareta Jolly, 2022-08-18 Engaging Donna Haraway Lives in the Natureculture Web explores the impact of major theorist Donna Haraway in such diverse areas as feminism, Marxism, new materialism, science studies, posthumanism, animal studies, ecocriticism, digital media, and life narrative. The book shows how Haraway's decades long career as a major theoretical voice and provocateur of thinking about new and complex connections across technology, species, and disciplines has generated bold experiments in writing from the perspective and senses of non-human species in photographic self portraiture of bodily life in animating the lives of scientists in radical genealogy, in playful teaching methods, and much more. Focusing on the ways in which Haraway's oeuvre have affected and will continue to challenge life narrative theory and practice, the chapters in this book present cross disciplinary perspectives which are both personal and critical. As scholars, students, and activists inspired by Haraway's work, these essays together ask all of us to think about where we place ourselves in an age of environmental crisis and how to live in a natureculture web which is as fragile as it is beautiful. The chapters in this book were originally published as a special issue of *a+b Auto Biography Studies*
