## **Spix's Macaw:**

**Spix's Macaw** Tony Juniper, 2004-11-16 Spix's Macaw tells the story of a unique band of brilliant blue birds who talk fall in love and grieve struggling against extinction By the second half of the twentieth century the birds had become more valuable than heroin worth thousands of dollars on the black market In 1990 only one was found to be living in the wild and an emergency international rescue operation was launched calling on private collectors to come forward with their birds to mate with the last wild Spix's In a breathtaking display of stoicism and endurance the loneliest bird in the world had lived without a mate for fourteen years outwitting predators and poachers Would he take to a new companion Like humans Spix's Macaws can't be forced to love but the stakes were as high as they could be the survival of one of the world's most beautiful birds **BOOK JACKET** Macaws Rosemary Low, 1990 Birding World, 1990 THREATENED BIRDS OF AMERICA N. J. Collar, 1992 Originally published as a supplement to ICBP BirdLife's Status and Conservation of the World's Seabirds this book can be used independently It provides status and site information on the seabirds of Canada Baja California Brazil and Uruguay Sri Lanka Malaysia Indonesia the Bering Sea Sea of Okhotsk and Sea of Japan and Antarctica Macaws Roger G. Sweeney, 2002 With a special chapter Macaw species Cover **Proceedings of the General Meetings for Scientific Business of the Zoological Society of London** Zoological Society of London, 1894 **Report of the Council** Zoological Society of London, 1877 **World Birdwatch**, 2000 Macaws As a Hobby Horst Schmidt, H. Schmidt, 1994 **Nature**, 1895 *The Royal Natural History* Richard Lydekker, 1895 *Waiting for the Macaws* Terry Glavin, 2006 Encyclopedia of Endangered Species Bill Freedman, 1998-11 Annotation This 2nd volume contains an additional 500 descriptions and status reports on endangered animals and plants of the world Reports are arranged taxonomically by order family genus and species Each entry contains a description of the species range and habitat information population history conservation record and survival outlook Beacham's Guide to International Endangered Species: Non-mammals listed prior to 2000 Walton Beacham, Kirk H. Beetz, 1998 This new set is another entry in the growing collection of Beacham's guides to endangered threatened and extinct species Previous volumes include the one volume World Wildlife Fund Guide to Extinct Species of Modern Times RBB S 1 97 and the four volume Official World Wildlife Fund Guide to Endangered Species of North America 1994 The current set treats 351 species mammals only and appears to be derived from the same database of information presented in Beacham's International Threatened Endangered and Extinct Species on CD ROM RBB My 15 97 which covers 1 400 species Data are provided on mammalian species listed as threatened or endangered by the USFWS U S Fish and Wildlife Service A third volume will cover all other foreign species listed by this agency A master list of protected species is available at FWS Web site at risk by the IUCN The World Conservation Union or by CITES Convention on International Trade in Endangered Species of Wild Fauna and Flora There is an entry for the previously endangered eastern gray kangaroo to show the process by which one species has been successfully recovered The authors use the above mentioned organizations

as the authorities for their work For example in the introductory section on Gorillas and Orangutans they have chosen to follow the USFWS designation for endangered species and the IUCN s placement of apes in the Pongidae family rather than Hominidae Each set of species accounts includes a general introductory section giving the popular name the family and subfamily scientific names and a general description of the characteristics of the species These sections often include information on threats and are especially revealing telling us for example that mountain gorillas are killed occasionally by carnivores but their main predator is man The specific accounts follow in typical Beacham format with scientific and familiar names a color photo and an accompanying list giving status date listed family description habitat food reproduction threats and range Short paragraphs expand on these themes and add information on conservation and recovery efforts Several pages of references a glossary and a useful country index complete volume two Sponsored by the IUCN Encyclopedia of Endangered Species RBB F 1 95 is handy because it includes mammals birds reptiles amphibians fish invertebrates and plants in one volume However the black and white photographs do not compare to those in the Beacham volumes or in the ten volumes of Marshall Cavendish s Endangered Wildlife of the World RBB My 1 93 The latter is best suited for young readers whereas Beacham guides are suitable for any age level in any library collecting material on endangered species The photographs on the Beacham CD ROM are the ones used in the print volumes but are much less clear The CD ROM enables users to move around in the database via hyperlinks However at this time the books are easier to use because of the confusing structure of the user interface on the disk 1 085p     **W Inging it** ,2004     *Conserva* ,1990     *State of the World* ,2003     **The Avicultural Magazine** ,1899     *Conservation of New World Parrots* Roger F. Pasquier,1981 Carmabi bezit 2 ex     Save the Macaws Jill Bailey,1992 Hector observes a pair of blue and gold macaws in the wild and explains their mating habits to two visiting students Similar fictional vignettes combined with factual information focus on the behavior and endangered situation of the macaw
