William and Catherine Cathy Le Feuvre,2013-09-24 When William Booth met Catherine Mumford in 1852 it was the start of a story that would change the lives of millions of people across the world Out of their love sprang a new and radical international Christian movement The Salvation Army Throughout their life William and Catherine when apart exchanged letters and notes expressing not only their deep love but also a lasting friendship and mutual respect which would survive the challenges of separation ill health the struggle of raising a large family opposition disappointment and professional uncertainty The letters spanning nearly 40 years reveal both the everyday minutiae of life in Victorian times and the challenges of being revolutionary Christian thinkers in the second half of the 19th century *The History of the Salvation Army: 1878-1886* Robert Sandall,1947 V 1 1865 1878 v 2 1878 1886 v 3 1883 1953 Social reform and welfare work v 4 1886 1904 v 5 1904 1914 v 6 1914 1946 The better fight

Empire and Popular Culture John Griffiths,2022-06-27 From 1830 if not before the Empire began to permeate the domestic culture of Empire nations in many ways From consumables to the excitement of colonial wars celebrations relating to events in the history of Empire and the construction of Empire Day in the early Edwardian period most citizens were encouraged to think of themselves not only as citizens of a nation but of an Empire Much of the popular culture of the period presented Empire as a force for civilisation but it was often far from the truth and rather Empire was a repressive mechanism designed ultimately to benefit white settlers and the metropolitan economy This four volume collection on Empire and Popular Culture contains a wide array of primary sources complimented by editorial narratives which help the reader to understand the significance of the documents contained therein It is informed by the recent advocacy of a four nation approach to Empire containing documents which view Empire from the perspective of England Scotland Ireland and Wales and will also contain material produced for Empire audiences as well as indigenous perspectives The sources reveal both the celebratory and the notorious sides of Empire In this the third volume of Empire and Popular Culture documents are presented that shed light on three principal themes The shaping of personal collective and national identities of British citizens by the Empire the commemoration of individuals and collective groups who were noted for their roles in Empire building and finally the way in which the Empire entered popular culture by means of trade with the Empire and the goods that were imported

Wesleyan-Holiness Churches in Australia Glen O'Brien,2018-04-17 Most Wesleyan Holiness churches started in the US developing out of the Methodist roots of the nineteenth century Holiness Movement The American origins of the Holiness movement have been charted in some depth but there is currently little detail on how it developed outside of the US This book seeks to redress this imbalance by giving a history of North American Wesleyan Holiness churches in Australia from their establishment in the years following the Second World War as well as of The Salvation Army which has nineteenth century British origins It traces the way some of these churches moved from marginalised sects to established denominations while others remained small and isolated

Looking at The Church of God Anderson The Church of God Cleveland The Church of the Nazarene The Salvation Army and The Wesleyan Methodist Church in Australia the book argues two main points Firstly it shows that rather than being American imperialism at work these religious expressions were a creative partnership between like minded evangelical Christians from two modern nations sharing a general cultural similarity and set of religious convictions Secondly it demonstrates that it was those churches that showed the most willingness to be theologically flexible even dialling down some of their Wesleyan distinctiveness that had the most success This is the first book to chart the fascinating development of Holiness churches in Australia As such it will be of keen interest to scholars of Wesleyans and Methodists as well as religious history and the sociology of religion more generally Altruism in the Context of Economic Rationalistic Idologies and Systems of Healthcare and Welfare Delivery. A Multi-Disciplinary Approach Donald Gates, 2006-03 This work examines the two apparently contradictory concepts of Altruism and Economic Rationalism in the context of Health and Welfare Delivery It is multi disciplinary and employs a number of disciplines including Sociology Economics Theology Religion Ecclesiology History and Political Science The Nature and Mission of the Church Jean-Marc Flückiger, This is an academic work of the highest quality but Jean Marc Flückiger presents it in a way that makes it very accessible far beyond academic circles It is a testament to his sharp intellect but even more to his love of God commitment to The Salvation Army and heartfelt dedication to the Church's mission in the world Henrik Andersen Territorial Leader of The Salvation Army Switzerland Austria Hungary Jean Marc Flückiger's book is a welcome reflection on the missionary impulse of Christian churches I found it particularly helpful to consider the interplay of the three main ingredients of mission namely worship of God community life and service to the world Christophe Chalamet Professor of Systematic Theology University of Geneva
