The Human Thing:

Romantic Things Mary Jacobus, 2012-09-01 Our thoughts are shaped as much by what things make of us as by what we make of them Lyric poetry is especially concerned with things and their relationship to thought sense and understanding In Romantic Things Mary Jacobus explores the world of objects and phenomena in nature as expressed in Romantic poetry alongside the theme of sentience and sensory deprivation in literature and art Jacobus discusses objects and attributes that test our perceptions and preoccupy both Romantic poetry and modern philosophy John Clare John Constable Rainer Maria Rilke W G Sebald and Gerhard Richter make appearances around the central figure of William Wordsworth as Jacobus explores trees rocks clouds breath sleep deafness and blindness in their work While she thinks through these things she is assisted by the writings of Maurice Merleau Ponty Jacques Derrida and Jean Luc Nancy Helping us think more deeply about things that are at once visible and invisible seen and unseen felt and unfeeling Romantic Things opens our eyes to what has been previously overlooked in lyric and Romantic poetry *The Broadview Anthology of Social and Political Thought*,

Archaeological Situations Gavin Lucas, 2022-09-02 This book is an introduction to theory in archaeology but with a difference Archaeological Situations avoids talking about theory as if it was something you apply but rather as something embedded in archaeological practice from the start Rather than see theory as something worked from the outside in this book explores theory from the inside out which means it focuses on specific archaeological practices rather than specific theories It starts from the kinds of situations that students find themselves in and learn about in other archaeology courses avoiding the gap between practice and theory from the very beginning It shows students the theoretical implications of almost everything they engage in as archaeologists from fieldwork recording writing up and making and assessing an argument to exploring the very nature of archaeology and justifying its relevance Essentially it adopts a structure which attempts to pre empt one of the most common complaints of students taking theory courses how is this applicable Aimed primarily at undergraduates this book is the ideal way to engage students with archaeological theory *Marxism and Art* Maynard Solomon, 1979 *Marxism and Art* is a book of basic readings in Marxist criticism and aesthetics Maynard Solomon through his selections and critical introductions shows connections between the arts and society between imagination and history and between art and revolution He selects from thirty six authors to reveal the range of opinion from dogma to heresy beginning with excerpts from the works of Marx and Engels that are pertinent to an understanding of Marxist philosophy The book traverses a wide range of subjects from the origins of art to the nature of creativity the aesthetic experience the dialectics of consciousness the psychology of art and the evolution of art forms The sources of art in ritual in the labor process in the play drive and in social conflict are explored *The Tragedy of the Athenian Ideal in Thucydides and Plato* John T. Hogan, 2020-07-01 John T Hogan's *The Tragedy of the Athenian Ideal in Thucydides and Plato* assesses the roles of Pericles Alcibiades and Nicias in Athens defeat in Thucydides Peloponnesian War Comparing Thucydides presentation of

political leadership with ideas in Plato's Statesman as well as Laches Charmides Meno Symposium Republic Phaedo Sophist and Laws it concludes that Plato and Thucydides reveal Pericles as lacking the political discipline sophrosune to plan a successful war against Sparta Hogan argues that in his presentation of the collapse in the Corcyraean revolution of moral standards in political discourse Thucydides shows how revolution destroys the morality implied in basic personal and political language This reveals a general collapse in underlying prudential measurements needed for sound moral judgment

Furthermore Hogan argues that the Statesman's outline of the political leader serves as a paradigm for understanding the weaknesses of Pericles Alcibiades and Nicias in terms that parallel Thucydides direct and implied conclusions which in Pericles case he highlights with dramatic irony Hogan shows that Pericles failed both to develop a sufficiently robust practice of Athenian democratic rule and to set up a viable system for succession

The King's Road Xin Wen, 2023-01-24 An exciting and richly detailed new history of the Silk Road that tells how it became more important as a route for diplomacy than for trade The King's Road offers a new interpretation of the history of the Silk Road emphasizing its importance as a diplomatic route rather than a commercial one Tracing the arduous journeys of diplomatic envoys Xin Wen presents a rich social history of long distance travel that played out in deserts post stations palaces and polo fields The book tells the story of the everyday lives of diplomatic travelers on the Silk Road what they ate and drank the gifts they carried and the animals that accompanied them and how they navigated a complex web of geographic cultural and linguistic boundaries It also describes the risks and dangers envoys faced along the way from financial catastrophe to robbery and murder Using documents unearthed from the famous Dunhuang library cave in Western China The King's Road paints a detailed picture of the intricate network of trans Eurasian transportation and communication routes that was established between 850 and 1000 CE By exploring the motivations of the kings who dispatched envoys along the Silk Road and describing the transformative social and economic effects of their journeys the book reveals the inner workings of an interstate network distinct from the Sino centric tributary system In shifting the narrative of the Silk Road from the transport of commodities to the exchange of diplomatic gifts and personnel The King's Road puts the history of Eastern Eurasia in a new light
