Shimeld,2015-09-18 Who knows what evil lurks in the hearts of men The Shadow knows And who knew The Shadow better than his creator Walter B Gibson Relatively few people have heard of Gibson but many more are familiar with The Shadow having heard the program on the Blue Coal Radio Program in the 1930s and read the Street Smith Shadow novels Walter B Gibson s life and career come out from behind The Shadow in this biography It covers his youth in Philadelphia his development as a writer and magician his wives including the third Litzka who was a harpist and magician in her own right his time living in Maine and upstate New York and his later years and death In addition to being credited with creating The Shadow he used the pseudonym Maxwell Grant Gibson wrote 187 books contributed 668 articles to periodicals created 283 stories for The Shadow Magazine wrote 48 separate syndicated feature columns reported the adventures of The Shadow and Blackstone the magician in 394 comic books and newspaper strips and helped develop 147 radio scripts and many other works under numerous pseudonyms Gibson has invented many widely used magic tricks and traveled with and befriended Harry Houdini Howard Thurston Harry Blackstone Sr and Joseph Dunninger      The Secret History of Magic Peter Lamont,Jim

Steinmeyer,2018-07-17 Pull back the curtain on the real history of magic and discover why magic really matters If you read a standard history of magic you learn that it begins in ancient Egypt with the resurrection of a goose in front of the Pharaoh You discover how magicians were tortured and killed during the age of witchcraft You are told how conjuring tricks were used to quell rebellious colonial natives The history of magic is full of such stories which turn out not to be true Behind the smoke and mirrors however lies the real story of magic It is a history of people from humble roots who made and lost fortunes and who deceived kings and queens In order to survive they concealed many secrets yet they revealed some and they stole others They engaged in deception exposure and betrayal in a quest to make the impossible happen They managed to survive in a world in which a series of technological wonders appeared which previous generations would have considered magical Even today when we now take the most sophisticated technology for granted we can still be astonished by tricks that were performed hundreds of years ago The Secret History of Magic reveals how this was done It is about why magic matters in a world that no longer seems to have a place for it but which desperately needs a sense of wonder      The Master
