[The Maze](#) Brad Hough,2017-05-03 The Maze is a first person perspective labyrinth in the form of a written book Each page of the book represents a single room inside a complex set of interlocked rooms As the reader you can choose which door in a room to exit But be careful The descriptions of the rooms and their exits are described from the direction you are facing With each choice that is made you may wind deeper into the maze or if skilled enough edge closer to the exit The Maze is also a fantastic resource for storytellers and game masters The rooms have very little detail which make it easy to overlay it with elaborate descriptions What sets this book apart is that it provides a relative perspective from the viewpoint of the adventurer as they wonder through a series of rooms while trapped in The Maze It s like playing a video game in form of a book In addition to this book being read as a stand alone puzzle it can also be used to Provide a backdrop for a role playing game Provide a puzzle for part of a larger quest Used as a cooperative or competitive party game Add excitement to a bedtime story And many more Use your own imagination and you will quickly see that The Maze has endless possibilities Let your adventure begin
