

The Mexican War Old West

Abby Sage Richardson

The Mexican War Old West:

An Immigrant Soldier in the Mexican War Frederick Zeh, 1995 Frederick Zeh a young German immigrant had hardly arrived in the United States when he was caught up in the war fever that swept his new homeland He joined the Mountain Howitzer and Rocket Company of the U S Army His impressions of the siege of Veracruz the long march to Mexico City the bloody battles that occurred along the route and the occupation of the capital provide a vivid and unusual account of the Mexican War from an enlisted man s point of view Although Zeh held the lowly rank of laborer in the army he was well educated and an astute observer and his story is both lively and well written Besides the horror of battles he tells about relations between officers and enlisted men military punishment and the day to day life of the soldiers Numerous anecdotes and personal stories enliven his narrative He is unusually candid about abuses that occurred in the American army and toward Mexican civilians His is also the first book length account written by a German American participant a significant contribution given that nearly half the regular army was made up of immigrant recruits

The Encyclopedia of the Mexican-American War

Spencer C. Tucker, 2012-10-09 This user friendly encyclopedia comprises a wide array of accessible yet detailed entries that address the military social political cultural and economic aspects of the Mexican American War The Encyclopedia of the Mexican American War A Political Social and Military History provides an in depth examination of not only the military conflict itself but also the impact of the war on both nations and how this conflict was the first waged by Americans on foreign soil and served to establish critical U S military political and foreign policy precedents The entries analyze the Mexican American War from both the American and Mexican perspectives in equal measure In addition to discussing the various campaigns battles weapons systems and other aspects of military history the three volume work also contextualizes the conflict within its social cultural political and economic milieu and places the Mexican American War into its proper historical and historiographical contexts by covering the eras both before and after the war This information is particularly critical for students of American history because the conflict fomented sectional conflict in the United States which resulted in the U S Civil War

Alcohol and Opium in the Old West Jeremy Agnew, 2013-10-25 This book explores the role and influence of drink and drugs primarily opium in the Old West which for this book is considered to be America west of the Mississippi from the California gold rush of the 1840s to the closing of the Western Frontier in roughly 1900 This period was the first time in American history that heavy drinking and drug abuse became a major social concern Drinking was considered to be an accepted pursuit for men at the time Smoking opium was considered to be deviant and associated with groups on the fringes of mainstream society but opium use and addiction by women was commonplace This book presents the background of both substances and how their use spread across the West at first for medicinal purposes but how overuse and abuse led to the Temperance Movement and eventually to National Prohibition This book reports the historical reality of alcohol and opium use in the Old West without bias

History of the Mexican War Cadmus Marcellus Wilcox, 1892

Western Art, Western History Ron Tyler, 2019-03-07 For nearly half a century celebrated historian Ron Tyler has researched interpreted and exhibited western American art. This splendid volume gleaned from Tyler's extensive career of connoisseurship brings together eight of the author's most notable essays reworked especially for this volume. Beautifully illustrated with more than 150 images, *Western Art, Western History* tells the stories of key artists both famous and obscure whose provocative pictures document the people and places of the nineteenth century American West. The artists depicted in these pages represent a variety of personalities and artistic styles. According to Tyler, each of them responded in unique ways to the compelling and exotic drama that unfolded in the West during the nineteenth century, an age of exploration, surveying, pleasure travel and scientific discovery. In eloquent and engaging prose, Tyler unveils a fascinating cast of characters including the little known German-Russian artist Louis Choris who served as a draftsman on the second Russian circumnavigation of the globe; the exacting and precise Swiss artist Karl Bodmer who accompanied Prince Maximilian of Wied on his sojourn up the Missouri River; and the young American Alfred Jacob Miller whose seemingly frivolous and romantic depictions of western mountain men and American Indians remained largely unknown until the mid twentieth century. Other artists showcased in this volume are John James Audubon, George Caleb Bingham, Alfred E. Mathews, and finally Frederic Remington who famously sought to capture the last glimmers of the old frontier. A common thread throughout *Western Art, Western History* is the important role that technology, especially the development of lithography, played in the dissemination of images. As the author emphasizes, many works by western artists are valuable not only as illustrations but as scientific documents imbued with cultural meaning. By placing works of western art within these broader contexts, Tyler enhances our understanding of their history and significance.

Pioneer Photographers of the Far West Peter E. Palmquist, Thomas R. Kailbourn, 2000 This extraordinarily comprehensive, well-documented biographical dictionary of some 1,500 photographers and workers engaged in photographically related pursuits active in western North America before 1865 is enriched by some 250 illustrations. Far from being simply a reference tool, the book provides a rich trove of fascinating narratives that cover both the professional and personal lives of a colorful cast of characters.

Pictorial History of Mexico and the Mexican War John Frost, 1871 *The History of Our Country from Its Discovery by Columbus to the Celebration of the Centennial Anniversary of Its Declaration of Independence* ... Abby Sage Richardson, 1875

Congressional Record United States. Congress, 1991 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* 1789-1824, the *Register of Debates in Congress* 1824-1837, and the *Congressional Globe* 1833-1873.
