

The Night Parrot

Edward Ellis Morris

The Night Parrot:

Night Parrot Penny Olsen, 2018-09-01 For well over a century the Night Parrot lured its seekers into Australia's vast arid outback. From the beginning it was a mysterious bird. Fewer than 30 specimens were collected before it all but disappeared, offering only fleeting glimpses and the occasional mummified body as proof of its continued existence. Protected by spinifex and darkness, the parrot attained almost mythical status, a challenge to birdwatchers and an inspiration to poets, novelists, and artists. *Night Parrot* documents the competitiveness and secrecy, the triumphs and adventures of the history of the bird and its followers, culminating in the recent discovery of live birds at a few widely scattered locations. It describes what we are now unravelling about the mysteries of its biology and ecology and what is still left to learn. Complemented by guest essays, illustrations, and photographs from a wide variety of sources, this book sheds light on Australia's most elusive bird. *The Night Parrot (Geopsittacus Occidentalis)* Australian National Parks and Wildlife Service, 1976 **Night Parrot**

In the remote deserts of Australia lives an elusive nocturnal bird called the Night Parrot. Virtually nothing is known of its ecology as it disappeared at the end of the 19th Century. Searching for evidence of its existence became a preoccupation. *NIGHT PARROT STORIES* was filmed in all the locations where Night Parrots once lived during a time when stories of extinction were everywhere. An Official Selection at the Sydney Film Festival. *The Night Parrot Sings* Barry W Sanbrook, 2019-02-13 A story of endurance, a fight to avoid extinction. A mystery of identity spanning one hundred years that stemmed from jealousy and fear. The secrets deeply hidden emerge using technology, luck, and determination. The battlefields of Flanders and the harsh outback of Australia provide dramatically different environments in which the battle for survival takes place. The soldier in his trench facing the terrifying prospect of charging an enemy or the gentle Night Parrot considered extinct for so long in its battle with its habitat. Each faces a similar struggle to survive. The rediscovery of the Night Parrot after decades considered extinct and the reinterment of soldiers from the Battle of Fromelles during World War 1 was the inspiration. **The Night Parrot** S. J. J.
