

The Odor Of Death

Johann Peter Lange

The Odor Of Death:

The Encyclopaedia of Death and Life in the Spirit-world John Reynolds Francis, 1894 **Denise Levertov** Audrey T. Rodgers, 1993 Through careful analysis of Levertov's social verse she demonstrates that there is a consistency and pattern in what the artist herself has termed the poems of engagement Denise Levertov began her career in England as a lyric poet in the Romantic mode but even then was touched by the reductive nature of war revealed in her first published poem *Listening to Distant Guns* During the mid 1960s Levertov's social conscience notably her strong antiwar sentiment was reawakened by the Vietnam War This reawakening resulted in several volumes of poetry that mirrored her concerns with the war and political activism at home and her perplexity at the nature of human beings often great and compassionate but at times cruel and insensitive There exists a common thread in Levertov's pilgrimage from her beginning as a lyric poet to her status as an artist definitively in the world she has always responded to everything within the compass of her experience

Commentary on the Gospel According to John, Books 13-32 Origen, 1993 This volume contains what remains of Books 13-32 of Origen's *Commentary on the Gospel according to John* and thus completes the publication of the first full English translation of this work that stands as the beginning of Christian scriptural exegesis Ronald Heine introduces his translation with a discussion of the times and circumstances within which the commentary was composed He also provides a survey of the major theological questions with which the commentary is concerned These include Origen's thought on the nature of God the person and work of Christ his relation to the Father and to the created order his teaching on the Holy Spirit the Resurrection and eschatology and his ideas on the devil Beginning with the conversation between Christ and the Samaritan woman at the well and ending with Christ's discourse to his disciples at the Last Supper the commentary displays Origen's attention to the literal meaning of the passages but moves beyond them to try to grasp their spiritual significance providing us with the opportunity to examine Origen's mystical thought Origen also refutes the Gnostic reading of the Gospel presented by Heracleon but this polemic is subordinate to his own investigation of the theological philosophical historical and etymological questions raised by the Gospel Because it treats many of the same passages of the Gospel of St John for which St Augustine provides a commentary in *The Fathers of the Church* volume 88 this volume provides a worthy companion to it and invites a comparison of the thoughts of these two great exegetes upon what both regarded as the greatest of the Gospels

The Dancing Dead W. E. A. van Beek, 2012-06-05 Walter E A van Beek draws on over four decades of extensive fieldwork to offer an in depth study of the religion of the Kapsiki Higi who live in the Mandara Mountains on the border between North Cameroon and Northeast Nigeria Concentrating on ritual as the core of traditional religion van Beek shows how Kapsiki Higi practices have endured through the long and turbulent history of the region Kapsiki rituals reveal a focus on two fundamental concepts dwelling and belonging Van Beek examines their sacrificial practices through which the Kapsiki show a complex and pervasive connection with the Mandara Mountains as well as the character of their relationships among

themselves and with outsiders Van Beek also explores their rituals of belonging rites of passage which take place from birth through initiation and marriage and even death with the tradition of the dancing dead when a fully decorated corpse on the shoulders of a smith dances with his mourning kinsmen The Dancing Dead is the result of the author s lifelong study of the Kapsiki Higi It gives a unique description of the rituals in an African traditional religion based not upon ancestors but on a completely relational thought system where in the end all rituals are integrated into one major cycle **Odor Mortis Or**
