## How To Lift Depressionfast:

**Beat Depression Fast** Alexandra Massey, 2013-12-24 In her latest book depression counselor Alexandra Massey distils years of hard won strategies for treating depression. She provides an easy to follow ten step program that will help you beat it quickly and without pharmaceuticals. Massey who has suffered from depression most of her life refused to take prescription drugs when her symptoms became debilitating. I was very clear about the root cause of the depression she says. It was very very low self esteem. The overriding symptom was deep hopelessness and I had a sense that connecting with others who knew how I felt was what I needed not drugs. According to Massey the first step toward recovery from depression is acceptance. Depression is like wet sand. The more you push the harder it gets. By accepting depression you will find a sense of relief. The second step is trust. When we are dealing with the despair and hopelessness of depression it's almost impossible to believe that everything is going to turn out OK. she writes. Massey attributes her own recovery in part to her years long participation in 12 step programs. From the recovery movement she learned the power of letting a greater power into your life. Says Massey For me real change didn't happen until I acknowledged that I couldn't beat depression on my own and that I needed to rely on something bigger and wiser than myself. These are the foundations stones. The remaining steps will lead you on a journey to a new depression free life. By following the steps you will find greater peace of mind more resilience and inevitably the reemergence of your dreams. I decided to download this book since it's very reasonably priced and I've been dealing with a minor case of the blues. While short it gets right to the point. The author talks about the different kinds of depression and delves into both traditional and alternative methods for treating depression. Basically it offers a great overview so that the reader can choose methods that might work.

best for them I especially liked the alternative natural approaches detailed by the author as traditional therapy is out of financial reach for me at this time I m hopeful that this will help me to turn the corner and get back to a happier me I picked up this book during the free promotion period I ve read numerous books about depression and this was a refreshing change of pace In a world where Dr s now a days offer a pill for everything it was refreshing to read a book that talks about natural treatments I encourage anyone who currently has depression or believes they might have depression to pick up this book The tips and nutritional information in this book alone is worth it I got this as it was such a good price and I thought it was worth giving it a shot I wasn t disappointed I found the info on caffeine really useful and really got the principles of alternative therapy that are provided I think the author really understands the issues being discussed and writes in well organized and clear way that makes this a great read Thanks for the advice This a really well structured book with concise and practical advice for those suffering from any form of depression Looking at both traditional and alternative therapy but more focused on a self help approach The straightforward advice on diet exercise and relaxation is truly insightful and differs from other books I ve read on this subject Overall this is an original and above all useful guide that is a must read for those needing some more practical advice Highly recommended Tags depression and anxiety depression self help depression cure depression help depression fast
