Paul Grayson? John Habberton, 1881 THE boys who attended Mr Morton's Select School in the village of Laketon did not profess to know more than boys of the same age and advantages elsewhere but of one thing they were absolutely certain and that was that no teacher ever rang his bell to assemble the school or call the boys in from recess until just that particular instant when the fun in the school yard was at its highest and the boys least wanted to come in A teacher might be very fair about some things he might help a boy through a hard lesson or give him fewer bad marks than he had earned he might even forget to report to a boy's parents all the cases of truancy in which their son had indulged but when a teacher once laid his hand upon that dreadful bell and stepped to the window it really seemed as if every particle of human sympathy went out of him On one bright May morning however the boys who made this regular daily complaint were few indeed all of them except Bert Sharp who had three consecutive absences to explain and no written excuse from his father to help him out were already inside the school room and even Bert stood where he could look through the open door while he cudgelled his wits and smothered his conscience in the endeavor to frame an explanation that might seem plausible The boys already inside lounged near any desks but their own and conversed in low tones about almost everything except the subject uppermost in their minds this subject being a handsome but rather sober looking boy of about fourteen years who was seated at a desk in the back part of the room and trying without any success whatever to look as if he did not know that all the other boys were looking at him

Deloria, 2004 Despite the passage of time our vision of Native Americans remains locked up within powerful stereotypes That's why some images of Indians can be so unexpected and disorienting What is Geronimo doing sitting in a Cadillac Why is an Indian woman in beaded buckskin sitting under a salon hairdryer Such images startle and challenge our outdated visions even as the latter continue to dominate relations between Native and non Native Americans Philip Deloria explores this cultural discordance to show how stereotypes and Indian experiences have competed for ascendancy in the wake of the military conquest of Native America and the nation's subsequent embrace of Native authenticity Rewriting the story of the national encounter with modernity Deloria provides revealing accounts of Indians doing unexpected things singing opera driving cars acting in Hollywood in ways that suggest new directions for American Indian history Focusing on the late nineteenth and early twentieth centuries a time when according to most standard American narratives Indian people almost dropped out of history itself Deloria argues that a great many Indians engaged the very same forces of modernization that were leading non Indians to reevaluate their own understandings of themselves and their society He examines longstanding stereotypes of Indians as invariably violent suggesting that even as such views continued in American popular culture they were also transformed by the violence at Wounded Knee He tells how Indians came to represent themselves in Wild West shows and Hollywood films and also examines sports music and even Indian people's use of the automobile an ironic counterpoint to today's highways teeming with Dakota pick ups and Cherokee sport utility vehicles Throughout Deloria

shows us anomalies that resist pigeonholing and force us to rethink familiar expectations Whether considering the Hollywood films of James Young Deer or the Hall of Fame baseball career of pitcher Charles Albert Bender he persuasively demonstrates that a significant number of Indian people engaged in modernity and helped shape its anxieties and its textures at the very moment they were being defined as primitive These secret histories Deloria suggests compel us to reconsider our own current expectations about what Indian people should be how they should act and even what they should look like More important he shows how such seemingly harmless even if unconscious expectations contribute to the racism and injustice that still haunt the experience of many Native American people today *Elvis Culture* Erika Doss,1999 Doss fine arts and American studies U of Colorado Boulder examines the image of Elvis from a number of perspectives including as a religious icon honored in household shrines as a sexual fantasy for women and men as an inspiration for impersonators as a not altogether positive emblem of whiteness for many blacks and as a commodity to be protected by Elvis Presley Enterprises Bandw illustrations Annotation copyrighted by Book News Inc Portland OR **The Retail Bookseller** ,1957 The Elvis Catalog Lee Cotten,1987 **Library Journal** ,1958 ABC Allen Eyles,1993 No Marketing Blurb **Film, Television, and Stage Music on Phonograph Records** Steve Harris,1988 The most comprehensive through August 86 accurate and thoroughly researched reference ever published on film television and stage music from U S and British productions There are three categories film music television music stage music recordings and each has two indexes main records original and adapted music composed specifically all records verified and related records themes inspired by films cover versions of traditional music etc **Catalog of Printed Books.
