## **The Human Condition Christian Perspectives Through African Eyes:**

**The Human Condition** Joe M. Kapolyo, 2005 Conversant with contemporary culture and aware of Western understandings Joe M Kapolyo reconceptualizes the human condition as he discusses time sin community family and virtue with reference to African history and cultural anthropology

**Human Condition** Joe M. Kapolyo, 2016 Human beings are complex For all our contemporary knowledge and ability however wonderful and widely available people around the world face a crisis of human identity that calls into question the meaning of existence and the basis of moral behaviour Responding to these challenges Joe Kapolyo recognizes both the authority of the Bible which teaches that people are created in the image of God but also corrupted by rebellion and sin and the relevance of distinctly African perspectives on what it means to be human Although he reads these perspectives critically they lead him to reaffirm th

**Africa's Social and Religious Quest** Randee Ijatuyi-Morphé, 2014-01-30 This well crafted book probes the key dimensions of Africa s existential predicament It constitutes an intellectual response to a gnawing African situation the starting point for grasping Africa s social and religious quest Beyond split explanations of external versus internal factors e g colonization slavery vs leadership cultural values this study accounts more comprehensively for emergent issues shaping this situation The situation reflects a gamut of problems in traditional African religion and material culture which hitherto defines African communality politics and destinies vis vis the cosmos and nature Thus African religion and communities each with its own attendant values do not operate by critical engagement with larger issues of society and civilization especially those shaped by the advent of post modernity Rather they operate via adaptation The communal drive for natural and social harmony inevitably produces a preservationist view of culture leaving things as they are This study takes an integrative approach to religion society and civilization eschews dichotomies and broadly defines and re signifies life and wholeness as a true end of Africans quest today

**Christian Responses to Terrorism** Gordon L. Heath, David Kirwa Tarus, 2017-11-01 How should Christians respond to terrorism and terrorists in their midst Terrorism is a global problem and no society on earth faces it alone The mainly Christian society of Kenya has suffered more than most as it attempts to counter the threat of al Shabaab Some pastors have asked for permission to carry guns Many Christians support government military action while others recommend pacifist stances and strive for dialogue and reconciliation with the Muslim community In this book ten Kenyan Christian thinkers and practitioners share their experiences and insights A response section from seven others including a Kenyan Muslim scholar enrich the discussion

**Diverse and Creative Voices** Dieumeme Noelliste, Sung Wook Chung, 2015-04-20 As the twentieth century passed its midpoint and was rushing toward its end a growing number of Majority World theologians came to realize that they could in fact do theology in their own contexts for the benefit of their own people Thus from the 1960s onward theologians in the global South have embarked on a form of theological construction that has sometimes been described as contextual reflection or contextualized theology This volume is motivated by the conviction that these efforts have resulted in

theological work that is also beneficial for Christians in other parts of the world The editors have invited Majority World theologians to share their reflections on several themes of Christian faith from their own sociohistorical perspectives but with an unwavering commitment to the authority of Scripture It is hoped that these fresh reflections will help Christians in the West engage and benefit from the perspectives of fellow believers in the global South **Creation and Humanity**

Veli-Matti Karkkainen,2015-04-14 **Global Dictionary of Theology** William A. Dyrness,Veli-Matti Kärkkäinen,2009-10-25

Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli Matti K rkk inen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today s global context An African Introduction to the New Testament

Abeneazer G. Urga,Elizabeth W. Mburu,Ferdinand I. Okorie,2026-02-10 An African Introduction to the New Testament written by a wide array of scholars from across Africa is the first of its kind to engage every book in the New Testament from the African context Each of the chapters offers a thematic engagement of the book in light of sociocultural and religious heritage This introductory book provides readers with a glimpse of how African Christians read the New Testament text in their contexts by fleshing out themes that connect with African cultures This volume is a valuable resource for anyone interested in African voices in biblical interpretation as it provides an introductory platform for delving deeper into every book of the New Testament Missiology ,2007 An international review **Dharma Deepika** ,2006 **The Catholic Periodical and Literature Index** ,2006 **African Earthkeepers: Environmental mission and liberation in Christian perspective** M.
