### Compact Theory:

Constitution created a compact between states and federal govt. If the federal govt breaks it, the states don't have to obey it.

### Kentucky Resolution:

States did not have to enforce a law that they felt was unconstitutional or outside the government's expressed powers.

### Doctrine of Nullification:

States have the right to determine a law's constitutionality, and ignore it if it is ruled unconstitutional by the state legislature.

### Threats of secession:

If necessary, states could withdraw from the Union.

### Permanent Union:

States voluntarily gave up their sovereignty when they entered the Union.

### Supremacy Clause:

Federal laws are the law of the land, and state laws may not contradict federal law.

### Marbury v. Madison:

The Supreme Court alone has the authority to determine constitutionality.

### Fears of anarchy:

Nullification by states would lead to national chaos.
