## **The Intellectual Resistance In Europe:**

*The Intellectual Resistance in Europe* James D. Wilkinson, 1981 Camus Sartre and Beauvoir in France Eich Richter and Bial in Germany Pavese Levi and Silone in Italy These are among the defenders of human dignity whose lives and work are explored in this widely encompassing work James D Wilkinson examines for the first time the cultural impact of the anti-Fascist literary movements in Europe and the search of intellectuals for renewal for social change through moral endeavor during World War II and its immediate aftermath It was a period of hope Wilkinson asserts and not of despair as is so frequently assumed Out of the shattering experience of war evolved the bracing experience of resistance and a reaffirmation of faith in reason Wilkinson discovers a spiritual revolution taking place during these years of engagement and views the participants as heirs of the Enlightenment Drawing on a wide range of published writing as well as interviews with many intellectuals who were active during the 1940s Wilkinson explains in the fullest context ever attempted their shared opposition to tyranny during the war and their commitment to individual freedom and social justice afterward Wilkinson has written a cultural history for our time His wise and subtle understanding of the long range significance of the engagement is a reminder that the reassertion of humanist values is as important as political activism by intellectuals

**Europe in Crisis** Mark Hewitson, Matthew D'Auria, 2012 The period between 1917 and 1957 starting with the birth of the USSR and the American intervention in the First World War and ending with the Treaty of Rome is of the utmost importance for contextualizing and understanding the intellectual origins of the European Community During this time of crisis many contemporaries especially intellectuals felt they faced a momentous decision which could bring about a radically different future The understanding of what Europe was and what it should be was questioned in a profound way forcing Europeans to react The idea of a specifically European unity finally became at least for some a feasible project not only to avoid another war but to avoid the destruction of the idea of European unity This volume reassesses the relationship between ideas of Europe and the European project and reconsiders the impact of long and short term political transformations on assumptions about the continent's scope nature role and significance

Federalism and European Union Michael Burgess, 2006-04-10 One of the most frequent criticisms levelled at the European Community is the discrepancy between federalist rhetoric and the intergovernmental response between its ideological aspirations and contemporary political reality The federalist heritage of the European Community has become discredited by contemporary political thinkers and yet it still forms an important part of the community's ideological foundations Within this book the contrasting theories of Spinelli and Monnet are subjected to rigorous criticism examining the benefits and pitfalls of their proposals for a unified Europe and the probability of the gap between theory and actuality ever being bridged in the future

## **European Intellectual History Since 1789**

Roland N. Stromberg, 1994 For courses in European Intellectual History An exploration of the major issues in thought from the French Revolution to Structuralism and beyond

Cross-border Circulation and Networks in the European

Space Birte Wassenberg,2020-06-08 This publication is an attempt to enlarge the perspectives of Contemporary European Border Studies both temporally and epistemologically Border studies in Europe are indeed still largely focused on the analysis of cross border cooperation and its relationship with the process of European Integration after the Second World War What is generally missing is a long term historical perspective and the consideration that circulation and networks can also be built across borders because there is a community of ideas or a shared good to defend a common scientific culture health environment    **A Select Bibliography of European Intellectual History 1789 to the Present** ,1994

**Intellectuals and Politics in Central Europe** András Bozóki,1999 Focusing on the role of intellectuals in the political transition of the late 1980s and early 1990s and their participation in the political life of the new democracies of Central Europe this book presents original essays from authors who discuss the eight countries in the region    **Europe in the Twentieth Century** Robert O. Paxton,1997    *A 'federator' for Europe* Andrea Bosco,1994    *Europe in the Sixteenth Century, 1494-1598* Arthur Henry Johnson,1898    **A History of Art for Classes, Art-students, and Tourists in Europe** William Henry Goodyear,1896    **European Insights** Audrey Brassloff,Wolfgang Brassloff,1991 Publications on postwar Europe have tended to concentrate on one field of interest or one particular country this volume provides multidisciplinary insights into four different language areas Germany East and West France Spain and Italy Politics economics societal changes the media and literature are analysed in their own right and in relation to each other A wide audience will be able to acquaint themselves with material that is not readily accessible elsewhere and the book will be a valuable tool for teachers and students Of especial interest are the Introduction linking the main themes and the wide ranging bridging chapter on the political economies of postwar West and East Europe    **The Second World War** ,1985    **Subject Guide to Books in Print** ,1983    *The Western Heritage: Since 1789* Donald Kagan,Steven E. Ozment,Frank Miller Turner,1983    **The American Scholar** William Allison Shimer,1984    **Window on the First New Left** Gregory D. Sumner,1992    *European Integration* Frank Roy Willis,1975    **Stalin's Guerrillas** Kenneth Slepian,2006 A detailed study of the operations politics culture and autonomy of Soviet partisans or guerrillas who fought the German army in WWII Blending military political social and cultural history Slepian also provides a prism for viewing relations between the suffocating Stalinist state and its independent partisan warriors    **Simone De Beauvoir And Jean-paul Sartre** Kate Fullbrook,Edward Fullbrook,1994-02-15 Using newly available documentary evidence in diaries and letters the authors present a startling new view of one of the legenday sexual and intellectual partnerships of the 20th century the relationship between the matriarch of modern feminism and and father of existentialism
