The Indispensables:

The Indispensables Patrick K. O'Donnell,2022-05-10 Tells the history of the the Marblehead Regiment led by John Glover which fought at Lexington on Bunker Hill formed the Guard that protected George Washington and conveyed Washington s men across the Delaware River on Christmas night 1776 *Maqasid Al-Shari'ah* Mazen Hashem,2024-06-04 The previous decade witnessed a plethora of books on the subject of maqasid aims of Shariah stressing that Islam s commandments have overarching aims and that the individual texts of Qur an and hadith can only be adequately understood within the universal principles of Islam While the classical work on maqasid is immense that of Shatibi d 1388 C E gained the utmost authority as it theorized for five general aims of Shariah which can take one of three levels of priority Since then most of the works on the subject of maqasid have been a variation on Shatibi s approach The major contribution of this book is to marry Ibn Khaldun s perspective with that of Shatibi In such a way a new maqasid theory that attends to the insights of history and social sciences is constructed The proposed theory is marked by a high degree of synthesis and maintains the major categories of Shatibi but only after redefining and expanding them Moreover the new enhanced theory of maqasid is marked by being multidimensional where the five goals of Shariah operate in an open space In addition to its academic contribution this new work hopes to make maqasid more amenable for appreciation and application in our time

Heidegger and Development in the Global South Siby K. George,2015-03-05 Taking the Heideggerian critical ontology of technology as its base this volume looks at postcolonial modernization and development in the global south as the worldwide expansion of the western metaphysical understanding of reality We live today in an increasingly globalizing technological society that Martin Heidegger described in the middle of the last century as the planetary imperialism of technologically organized man Consequent upon this cultural intellectual globalization the ahistorical violent individualistic calculative and capitalistic logic of the metaphysics of technology is permeating the life world even of the world s poorest peoples in ways they could neither choose nor control This volume questions the political ethics and justice of post war development discourse in the light of the egalitarian aims of modern societies cultural freedom of communities and nations and the ecological limits of the planet The final chapters discuss the alternative proposal of development as various conceptions of good life and equitable human flourishing amidst equally flourishing non human life and non living beings This unique volume is the first book length treatment of the ontology of modernization and development in the global south from a Heideggerian stance

Saving Washington's Army Phillip Thomas Tucker,2022-05-10 Learn the little known history of the forgotten American Revolution Battle of Pell s Point and the heroism of John Glover General William Howe and the mighty British Hessian Army possessed the golden opportunity to cut off trap and then destroy General George Washington s Army before he could retreat north and escape from Harlem Heights New York when he landed his army at Pell s Point north of New York City Howe s bold amphibious operation north of Washington s Army threatened to end the life of the Continental

Army and the revolution However the brilliant delaying actions of Colonel John Glover and a small force of New England Continental troops saved the day and Washington's Army by preventing Howe's advance inland to intercept Washington's route of retreat to White Plains Employing brilliant delaying tactics when outnumbered by more than five to one Glover inflicted heavy losses on the attackers to ensure that Washington's Army survived to fight another day Ironically the Battle of Pell's Point has been perhaps the most important forgotten battle of the entire American Revolution In Saving Washington's Army renowned historian Phillip Thomas Ticker PhD recounts the little known story of the Battle of Pell's Point and the heroism of Colonel John Glover with the care and attention to detail for which he is known 'All things of God', 6 addresses Walter Thomas Turpin, 1886 **The Middle Kingdom** Samuel Wells Williams, 1871 *Our Paper*, 1900 The Faith that Makes Faithful William Channing Gannett, Jenkin Lloyd Jones, 1886 **Aims and Methods in Classical Study** William Gardner Hale, 1887 *The Methodist Review*, 1884 Worthy books.
