Samuel Wesley (1766-1837): A Source Book Michael Kassler, Philip Olleson, 2017-07-05 Hailed as a child prodigy and later acclaimed as England's finest extempore organist Samuel Wesley son of Charles Wesley and nephew of John Wesley the founders of Methodism is best known today for his musical compositions and for his promotion of the music of J S Bach. At the heart of this source book is a calendar of Samuel Wesley's correspondence. The editors date and summarise the content of over 1100 surviving letters and other documents most of which have not previously been published. The book accordingly reveals considerable new information about Wesley and his complex personal affairs including his incarceration for debt and his confinement in a lunatic asylum for a year. Many details are provided about London musical life in the era from Boyce to Mendelssohn that prior scholars have not taken into account. The book also presents a chronology of Wesley's life a descriptive list of his nearly 550 musical and literary works a discography an iconography and a bibliography. It therefore is the most comprehensive available reference source for Wesley's life times and music. **'Just' a Fisherman's Wife** Jane Dowling, 2011-05-25 This book provides a unique exposé of women in family businesses in the Australian commercial fishing industry and explores their visibility contributions barriers and opportunities for participation and knowledge. Recognising the need to move beyond an exploration of women's roles this book applies a detailed well articulated and sophisticated feminist post structural approach which explores women's identity power knowledge and positioning in relation to the current industry climate in the context of discourses of crisis and sustainability. This is particularly pertinent with climate change looming as the next industry crisis. As such this book has significant interdisciplinary appeal and will benefit feminist gender natural resource management and fisheries scholars and policy makers. Ultimately it is hoped that this book will have a substantial impact on industry women in both Australia and elsewhere and reduce their marginalisation increase awareness about their contributions and result in greater opportunities to voice their unique knowledge on social issues with a view to enhancing industry sustainability. **The Explorers Ltd.
