

SPENSER AND BIBLICAL POETICS

CAROL V. KASKE

Spenser And Biblical Poetics

Kenneth Borris

Spenser And Biblical Poetics:

Spenser and Biblical Poetics Carol V. Kaske, 2019-05-15 Carol V Kaske examines how the form no less than the theology of Spenser's writings reveals the influence of the Bible and medieval and Renaissance Biblical hermeneutics Her approach partakes of both the old historicism and the new Spenser and Biblical Poetics is the first comprehensive account of the contradictions and inconsistencies in Spenser's imagery particularly in *The Faerie Queene* These and his well known contradictions in doctrine Kaske accepts and celebrates She shows that Spenser challenges the reader with problems arising from his endorsement of both Protestant and Catholic traditions She connects Spenser's contradictory style not only with such religious topics for example adiaphorism but also with secular ones such as colonialism the conflict between nature and culture and the policies of the Queen Spenser and Biblical Poetics makes an indispensable contribution to the history of reading in the Renaissance [The Blackwell Companion to the Bible in English Literature](#) Rebecca Lemon, Emma Mason, Jonathan Roberts, Christopher Rowland, 2012-02-28 This Companion explores the Bible's role and influence on individual writers whilst tracing the key developments of Biblical themes and literary theory through the ages An ambitious overview of the Bible's impact on English literature as arguably the most powerful work of literature in history from the medieval period through to the twentieth century Includes introductory sections to each period giving background information about the Bible as a source text in English literature and placing writers in their historical context Draws on examples from medieval early modern eighteenth century and Romantic Victorian and Modernist literature Includes many secular or anti clerical writers alongside their Christian contemporaries revealing how the Bible's text shifts and changes in the writing of each author who reads and studies it **Writing and Religion in England, 1558-1689** Professor Anthony W Johnson, Professor Roger D Sell, 2013-04-28 The fruit of intensive collaboration among leading international specialists on the literature religion and culture of early modern England this volume examines the relationship between writing and religion in England from 1558 the year of the Elizabethan Settlement up until the Act of Toleration of 1689 Throughout these studies religious writing is broadly taken as being communicational in the etymological sense that is as a medium which played a significant role in the creation or consolidation of communities Some texts shaped or reinforced one particular kind of religious identity whereas others fostered communities which cut across the religious borderlines which prevailed in other areas of social interaction For a number of the scholars writing here such communal differences correlate with different ways of drawing on the resources of cultural memory The denominational spectrum covered ranges from several varieties of Dissent through via media Anglicanism to Laudianism and Roman Catholicism and there are also glances towards heresy and the mid seventeenth century's new atheism With respect to the range of different genres examined the volume spans the gamut from poetry fictional prose drama court masque sermons devotional works theological treatises confessions of faith church constitutions tracts and letters to history writing and translation Arranged in roughly chronological order Writing and

Religion in England 1558 1689 presents chapters which explore religious writing within the wider contexts of culture ideas attitudes and law as well as studies which concentrate more on the texts and readerships of particular writers Several contributors embrace an inter arts orientation relating writing to liturgical ceremony painting music and architecture while others opt for a stronger sociological slant explicitly emphasizing the role of women writers and of writers from different sub cultural backgrounds *Spenser's Heavenly Elizabeth* Donald Stump, 2019-11-07 This book reveals the queen behind Edmund Spenser's *The Faerie Queene* Placing Spenser's epic poem in the context of the tumultuous sixteenth century Donald Stump offers a groundbreaking reading of the poem as an allegory of Elizabeth I's life By narrating the loves and wars of an Arthurian realm that mirrors Elizabethan England Spenser explores the crises that shaped Elizabeth's reign her break with the pope to create a reformed English Church her standoff with Mary Queen of Scots offensives against Irish rebels and Spanish troops confrontations with assassins and foreign invaders and the apocalyptic expectations of the English people in a time of national transformation Brilliantly reconciling moral and historicist readings this volume offers a major new interpretation of *The Faerie Queene* *Spenser's Poetics of Prophecy in the Faerie Queene* V Kenneth Borris, 1991

Unknowing Fanaticism Ross Lerner, 2019-04-02 We may think we know what defines religious fanaticism violent action undertaken with dogmatic certainty But the term fanatic from the European Reformation to today has never been a stable one Then and now it has been reductively defined to justify state violence and to delegitimize alternative sources of authority *Unknowing Fanaticism* rejects the simplified binary of fanatical religion and rational politics turning to Renaissance literature to demonstrate that fanaticism was integral to how both modern politics and poetics developed from the German Peasants Revolt to the English Civil War The book traces two entangled approaches to fanaticism in this long Reformation moment the targeting of it as an extreme political threat and the engagement with it as a deep epistemological and poetic problem In the first thinkers of modernity from Martin Luther to Thomas Hobbes and John Locke positioned themselves against fanaticism to pathologize rebellion and abet theological and political control In the second which arose alongside and often in response to the first the poets of fanaticism investigated the link between fanatical self annihilation the process by which one could become a vessel for divine violence and the practices of writing poetry Edmund Spenser John Donne and John Milton recognized in the fanatic's claim to be a passive instrument of God their own incapacity to know and depict the origins of fanaticism Yet this crisis of unknowing was a productive one It led these writers to experiment with poetic techniques that would allow them to address fanaticism's tendency to unsettle the boundaries between human and divine agency and between individual and collective bodies These poets demand a new critical method which this book attempts to model a historically minded and politicized formalism that can attend to the complexity of the poetic encounter with fanaticism **Essay on Edmund Spenser and His Fairy Queen** W. Backe, 1872 [JEGP, Journal of English and Germanic Philology](#) Gustaf E. Karsten, 2002 **Spenser's Underworld in the 1590 *Faerie Queene*** Matthew Fike, 2003

This work offers updated readings of some familiar Spenserian texts and a new way of conceiving the unity of the 1590
 Faerie Queene It brings a range of learning to bear drawing from Freudian and Jungian psychology scripture and Greek and
 Roman mythology The English Poets Thomas Humphry Ward,1880 *The English Poets: Ben Jonson to Dryden* Thomas
 Humphry Ward,1892 The English poets, selections, ed. by T.H. Ward. Ben Jonson to Dryden. Repr Thomas Humphry
 Ward,1887 **English Literature from A. D. 670 to A. D. 1832** Brooke,1896 **The Life of the Spirit in the Modern**
