## **The Church In China:**

**China, the Church's Long March** David Howard Adeney,1985    The Church in China Michael D. Suman,2006 This book addresses the emergence and development of the Chinese church as the body of Christ in China through the historical and sociopolitical context of that nation The focus on the last half of the 20th century is supported by a concise overview of the political history of China from its dynastic era and international influence on its church history    **China and the True Jesus** Melissa Wei-Tsing Inouye,2018-12-03 In 1917 the Beijing silk merchant Wei Enbo's vision of Jesus sparked a religious revival characterized by healings exorcisms tongues speaking and most provocatively a call for a return to authentic Christianity that challenged the Western missionary establishment in China This revival gave rise to the True Jesus Church China's first major native denomination The church was one of the earliest Chinese expressions of the twentieth century charismatic and Pentecostal tradition which is now the dominant mode of twenty first century Chinese Christianity To understand the faith of millions of Chinese Christians today we must understand how this particular form of Chinese community took root and flourished even throughout the wrenching changes and dislocations of the past century The church's history links together key themes in modern Chinese social history such as longstanding cultural exchange between China and the West imperialism and globalization game changing advances in transport and communications technology and the relationship between religious movements and the state in the late Qing circa 1850 1911 Republican 1912 1949 and Communist 1950 present day eras Vivid storytelling highlights shifts and tensions within Chinese society on a human scale How did mounting foreign incursions and domestic crises pave the way for Wei Enbo a rural farmhand to become a wealthy merchant in the early 1900s Why did women in the 1920s and 30s such as an orphaned girl named Yang Zhendao devote themselves so wholeheartedly to a patriarchal religious system What kinds of pressures induced church leaders in a meeting in the 1950s to agree that Comrade Stalin had saved many more people than Jesus This book tells the striking but also familiar tale of the promise and peril attending the collective pursuit of the extraordinary how individuals within the True Jesus Church in China over the past century have sought to muster divine and human resources to transform their world

The Church in China Paul Rule,2010-12-31 China has been a challenge to Christianity since the beginning of modern times and it remains so today Here is a great civilisation comprising a quarter of humankind yet largely untouched by Christian values and beliefs Any theological evaluation of the state of world Christianity that does not take China into account is impoverished and radically incomplete    **Come Wind, Come Weather** Leslie T. Lyall,2011-12    *Reconstructing Christianity in China* Philip L. Wickeri,2015-03-04    The Church in China Donald William Richardson,1929    **The Registered Church in China** Wayne Ten Harmsel,2021-03-09 In The Registered Church in China Wayne Ten Harmsel pulls back for Western readers the shroud of mystery surrounding Chinese registered churches Through interviews with Chinese pastors evangelists and lay Christians he provides a rare view of what it means to live in the shadow of both the government

and the well known house churches Registered churches have received criticism from both of these sources as well as from many churches in other countries particularly the United States Ten Harmsel examines the charges leveled against registered churches and presents a balanced picture of the complexity of the church situation in China Such complexity arises for instance in the registered churches struggle to respond to new religious regulations and the controversy over Sinicization China has become a major center of twenty first century Christianity and despite how little is known about registered churches in the West these congregations play a significant role in shaping Chinese Christianity today

**The Church in China in the 20th Century** Chen Zemin,2019-03-11

While the Peoples Republic of China is officially an atheist country Christianity continues to experience rapid growth on the Chinese mainland Many observers see the country as on the way to becoming the world's most Christian nation Yet there is widespread ignorance in the English speaking world about how the Chinese Christian community fared during the decades prior to China's opening up to the West in the aftermath of the historic visit of Richard Nixon to Beijing in 1972 This collection of essays the first of them published in 1939 provides an invaluable record of developments in mainland Chinese Christianity during that period and for the remaining decades of the twentieth century The fact that the essays were all authored by a key participant in the Protestant churches in China provides significant added value Professor Chen discusses a wide range of important topics various stages of rural and urban development the Three Self principles for structuring officially sanctioned worshiping communities Bishop K H Ting's advocacy of a genuinely indigenous Chinese theology patterns of international cooperation worship seminary education and much more These essays make a unique and significant contribution to the Western understanding of Asian religious life in the twentieth century

*Surviving the State, Remaking the Church* Li Ma,Jin Li,2017-12-11 This sociological portrait presents how Chinese Christians have coped with life under a hostile regime over a span of different historical periods and how Christian churches as collective entities have been reshaped by ripples of social change China s change from a centrally planned economy to a market economy or from an agrarian society to an urbanizing society are admittedly significant phenomena worthy of scholarly attention but real changes are about values and beliefs that give rise to social structures over time The growth of Christianity has become interwoven with the disintegration or emergence of Chinese cultural beliefs political ideologies and commercial values Relying mainly on an oral history method for data collection the authors allow the narratives of Chinese Christians to speak for themselves Identifying the formative cultural elements a sociohistorical analysis also helps to lay out a coherent understanding of the complexity of religious experiences for Christians in the Chinese world This book also serves to bring back scholarly discussions on the habits of the heart as the condition that helps form identities and nurture social morality whether individuals engage in private or public affairs People, Communities, and the Catholic Church in China

Cindy Yik-yi Chu,Paul P. Mariani,2020-01-02 This book explores the Chinese Catholic Church as a whole as well as focusing on particular aspects of its activities including diplomacy politics leadership pilgrimage youths and non Chinese Catholics in China It discusses Sino Vatican relations and the rationale behind the decisions taken by Pope Francis with regard to the appointment of bishops in China The book also examines important changes and personalities in the Chinese Church the Catholic organizations and the Catholic communities in the Church offering a key read for researchers and graduate students studying the Chinese Catholic Church the Church in Asia and religion in contemporary China

**China Now** Donald B. Childe,1955 China, the Untold Story ,2000 **Darkest before the Dawn** Richard R. Cook,2021-11-02 The Christian church was always destined to find its way to China Long before the birth of the church China existed coalescing

around profound philosophical concepts and powerful cultural symbols It developed into a dynamic and enduring civilization In time Christian missionaries arrived on its shores driven to bring the gospel to this people This book starts with the story of that journey the arrival of the missionaries who planted the seeds of the gospel in Chinese soil As the seeds sprouted and grew a new story of a unique and distinct Chinese church began The epic narrative opens from uncertain beginnings in darkness passes through intense hardship and years of struggle and culminates with the triumphal emergence of the Chinese church from the shadows into the light of the global stage
