**Mike Jess**

## **The Clam Shell:**

**Equations for a Study of a Roll-out Clamshell Ejection Concept for Spinning Rocket Vehicles** Lawrence F. Hatakeyama,1970 Equations for estimating the motion forces and couples applicable to the design of clamshell systems utilizing a new roll out ejection concept are presented Both the deployment and the free flight phases of the clamshell ejection are considered No attempt is made to answer the thermal vibratory and structural detail problems of these clamsheils *Investigation of a Clamshell Roll-out Ejection Concept* Lawrence F. Hatakeyama,1971 The equations for the motion forces and couples generated by clamshells released from spinning sounding rockets in accordance with a roll out ejection concept are presented The application of these equations to a study of a system for the Javelin i e Honest John Nike Nike X248 rocket vehicle is discussed The roll out ejection concept advocated requires that each deploying clamshell be pivoted about an axis at its trailing edge located in the system sectioning plane Clamshell despinning is a consequence of this deployment since the pivotal i e roll out rate is in opposition to the rocket vehicle spin The energy required by the deployment is derived largely from the rotational energy of the clamshell Thus the rocket vehicle will not be significantly despun by this kind of clamshell deployment This ejection concept also permits a system design which makes it possible to limit clamshell angular motion to rotation about that one of its centroidal principal axes which is brought into parallelism with the rocket vehicle longitudinal axis Also by equalizing the moments of inertia about the other centroidal principal axes the rollout motion can be decoupled from any extraneous angular motion about these axes Shell Craft Virginia Fowler Elbert, Virginie Fowler,1993-10-01 Easy to follow instructions for decorative boxes mirror frames soap dishes jewelry napkin holders paperweights much more Profusely illustrated Includes list of supply sources Shell Craft Virginia Fowler Elbert,2013-01-09 Easy to follow instructions for decorative boxes mirror frames soap dishes jewelry napkin holders paperweights much more Profusely illustrated Includes list of supply sources **The British Messenger** ,1879

**Current Literature** Edward Jewitt Wheeler,1889 **Clam Shell Dredging in Lakes Pontchartrain and Maurepas, Louisiana: Final environmental impact statement and appendixes** United States. Army. Corps of Engineers.
