**Steven D. Strauss, Spencer Strauss**

## **The Clinton Impeachment And Its Aftermath:**

**The Clinton Impeachment and Its Aftermath** Calvin C. Jillson, 1999      After Patrick Henry Neal Q. Herrick, 2009

Neal Herrick demonstrates in a lucid manner that government corruption is the predominant problem facing society today. Although bribery and influence peddling are the most visible aspect of this corruption they are not in Herrick's analysis the most serious. For Herrick the more serious aspect of government corruption is the laws that bribery and influence peddling produce laws that favour the corporations resulting in what he calls a kind of delusional corruption that leads for example to unjust and unnecessary wars. Tracing both forms of corruption back through American history Herrick gives a brief account of governmental descent into lawlessness identifies the constitutional flaw that led to this lawlessness and discusses some of the issues that must be considered in devising remedies. Book jacket      **Breaking the Deadlock** Richard A.

Posner, 2001-07-05 The 2000 Presidential election ended in a collision of history law and the courts. It produced a deadlock that dragged out the result for over a month and consequences real and imagined that promise to drag on for years. In the first in depth study of the election and its litigious aftermath Judge Posner surveys the history and theory of American electoral law and practice analyzes which Presidential candidate really won the popular vote in Florida surveys the litigation that ensued evaluates the courts the lawyers and the commentators and ends with a blueprint for reforming our Presidential electoral practices. The book starts with an overview of the electoral process including its history and guiding theories. It looks next at the Florida election itself exploring which candidate really won and whether this is even a meaningful question. The focus then shifts to the complex litigation both state and federal provoked by the photo finish. On the basis of the pragmatic jurisprudence that Judge Posner has articulated and defended in his previous writings this book offers an alternative justification for the Supreme Court's decision in *Bush v Gore* while praising the Court for averting the chaotic consequences of an unresolved deadlock. Posner also evaluates the performance of the lawyers who conducted the post election litigation and of the academics who commented on the unfolding drama. He argues that neither Gore's nor Bush's lawyers blundered seriously but that the reaction of the legal professoriat to the litigation exposed serious flaws in the academic practice of constitutional law. While rejecting such radical moves as abolishing the Electoral College or creating a national ballot Posner concludes with a detailed plan of feasible reforms designed to avoid a repetition of the 2000 election fiasco. Lawyers political scientists pundits and politicians are waiting to hear what Judge Posner has to say. But this book is written for and will be welcomed by all who were riveted by the recent crisis of presidential succession.      Public Affairs

Paul Apostolidis, Juliet A. Williams, 2004-01-14 Collection of essays analyzing political sex scandals and U S political culture from a variety of theoretical angles including feminism cultural studies Marxist critical theory queer theory and critical race theory      *The Kennedy Half-Century* Larry J. Sabato, 2013-10-15 An original and illuminating narrative revealing John F Kennedy's lasting influence on America by the acclaimed political analyst Larry J. Sabato. John F Kennedy died almost half a

century ago yet because of his extraordinary promise and untimely death his star still resonates strongly On the anniversary of his assassination celebrated political scientist and analyst Larry J Sabato himself a teenager in the early 1960s and inspired by JFK and his presidency explores the fascinating and powerful influence he has had over five decades on the media the general public and especially on each of his nine presidential successors A recent Gallup poll gave JFK the highest job approval rating of any of those successors and millions remain captivated by his one thousand days in the White House For all of them and for those who feel he would not be judged so highly if he hadn t died tragically in office The Kennedy Half Century will be particularly revealing Sabato reexamines JFK s assassination using heretofore unseen information to which he has had unique access then documents the extraordinary effect the assassination has had on Americans of every modern generation through the most extensive survey ever undertaken on the public s view of a historical figure The full and fascinating results gathered by the accomplished pollsters Peter Hart and Geoff Garin paint a compelling portrait of the country a half century after the epochal killing Just as significantly Sabato shows how JFK s presidency has strongly influenced the policies and decisions often in surprising ways of every president since Among the hundreds of books devoted to JFK The Kennedy Half Century stands apart for its rich insight and original perspective Anyone who reads it will appreciate in new ways the profound impact JFK s short presidency has had on our national psyche

**The Age of Impeachment** David E. Kyvig, 2008 A Bancroft Prize winning historian chronicles the modern history of impeachment and the shift in American politics and constitutional culture revealed by its evolving interpretation and use *Constitutional Conflicts Between Congress and the President* Louis Fisher, 2007 A classic on the separation of powers this book dissects the crucial constitutional disputes between the executive and legislative branches from the Constitutional Convention to the present day New material includes military tribunals and NSA eavesdropping disputes over executive orders state secrets privilege and post 9 11 wars in Afghanistan and Iraq

**The Complete Idiot's Guide to Impeachment of the President** Steven D. Strauss, Spencer Strauss, 1998 An inside look at the possible impeachment President Clinton and what it would mean to the country Including detailed information on the Starr report a history of impeachment and the impeachment process The Presidency and the Law David Gray Adler, Michael A. Genovese, 2002 Political scandals have always demonstrated the capacity of our executive officials for self inflicted injuries and the Clinton administration was no exception Unilateral warmaking claims of executive privilege and immunity and last minute pardons all tested the limits of presidential power while the excesses of the Special Prosecutor cast doubts on available remedies For eight years Republicans and Democrats engaged in guerrilla warfare aimed at destroying the careers and lives of their adversaries while tests of presidential power were resolved by the courts resulting in a reshaping of the scope and power of the presidency itself This book examines the many controversial and important battles that led to the shrinking of the presidency under the law during the Clinton administration Located at the intersection of law and politics it helps readers understand the dramatic changes

that took place in the relationship of presidential power to the law during the Clinton years and shows how one president's actions and congressional and legal reactions to them have altered presidential prerogatives in ways that his successors cannot ignore. The Presidency and the Law offers an assessment of changes in constitutional and legal understanding of the American presidency exploring such topics as war power executive privilege pardon power impeachment executive immunity independent counsel and campaign finance. In examining these collisions between president and the law its distinguished contributors bring the lessons of Watergate and Iran Contra into the Clinton era and contribute to a Madisonian view that presidents should not operate outside statutory and constitutional constraints. While the essays offer several criticisms of that administration's exercise of power and its interpretation of constitutional provisions and law many of the authors have been supportive of Clinton and his policy pursuits and all seek to examine the potential impact of the Clinton administration without being predictive or legalistic. They offer instead commentary analysis and criticism that examine the legality and constitutionality of President Clinton's actions within a broader political and historical context. The presidency is constitutionally weaker and politically more vulnerable than the office Bill Clinton assumed in 1993 and it remains to be seen what impact these changes will have on the presidency in the 21st century. This book points the way to assessing that impact and is essential reading for anyone concerned with the future of our democracy. **Impeaching Clinton** Nicol C. Rae, Colton C. Campbell, 2004. Analysis of the impeachment and portrayal of the partisan and ideologically polarized state of American politics at the turn of the century. Argues that the battle was not over Clinton but over control of the policy agenda. back cover. **Congress A to Z** CQ Press, Chuck McCutcheon, 2014-03-05. Congress A to Z provides ready reference insight into the national legislature its organization processes personalities major legislation and history. No other volume so clearly and concisely explains every key aspect of the national legislature. The Sixth Edition of this classic easy to use reference is updated with new entries covering the dramatic congressional events of recent years including social media usage by members of Congress the politics of recent debt ceiling and deficit spending showdowns with the executive branch new floor leaders in both chambers and campaign finance patterns. Each of the more than 250 entries arranged in encyclopedic A to Z format provides insight into the key questions readers have about the U S Congress and helps them make sense of the narrow power division between Republicans and Democrats the methods members use to advance their agendas the influence of lobby groups the key role of committees and strong willed leaders and much more. Key Features Available in both electronic and print formats. Quick answers to questions as well as in depth background on the U S Congress. Historical and contemporary photos. Detailed appendices tables internet addresses and index. **CQ Guide to Current American Government, Fall 1999**, 1999. *McDougal Littell the Americans* Gerald A. Danzer, 1999-07-23. **Annual Editions: American Government 08/09** Bruce Stinebrickner, 2008-02-22. This Thirty Eighth Edition of ANNUAL EDITIONS AMERICAN GOVERNMENT provides convenient inexpensive access to current articles selected from the best of the public

press Organizational features include an annotated listing of selected World Wide Web sites an annotated table of contents a topic guide a general introduction brief overviews for each section a topical index and an instructor s resource guide with testing materials USING ANNUAL EDITIONS IN THE CLASSROOM ISBN 0073301906 is offered as a practical guide for instructors ANNUAL EDITIONS titles are supported by our student website [www.mhcls.com](http://www.mhcls.com) online

*A Republic, If You Can Keep it* William Lockhart Morrow,2000 For undergraduate Introduction to Public Policy and Public Policy Analysis courses honors or point of view courses in American Government and Public Policy and graduate seminars on American Government and Public Policy Setting out to prove that constitutional politics is relevant to our lives and not just an abstraction this probing text helps students make the transition from the study of American government to the study of public policy shedding remarkable insight on the state of America s government as it highlights the seemingly permanent and significant connection between constitutional principles the way they are exploited by politicians and how they shape the character of public policy as a whole Presenting an institutional analysis approach that is noticeably underplayed in most public policy texts it focuses on themes common to an introductory American government course but with a rigorous concentration on the impact of these institutions on how policy decisions are made together with assessments of whether the impact is favorable or unfavorable and why

Attack Politics Emmett H. Buell, Lee Sigelman,2008 Ask most Americans and they ll tell you that presidential campaigns get dirtier and more negative with every election This text suggests that this may not be as true as we think and shows that over the last dozen elections negativity may have been well publicised but hasn t increased

**Bush V. Gore** Charles L. Zelden,2008 The most complete accurate and up to date analysis of the events surrounding the Supreme Court s controversial 5 4 decision that stopped the Florida recount and gave George W Bush a mere five electoral vote victory over Al Gore in the 2000 presidential election

*Congressional Quarterly Almanac 1999* CQ Press, Congressional Quarterly, Inc. Staff,2000-07 This reference puts the full year of American Congress and national politics into historical perspective It covers actions votes and other acts of the first session of the 106th Congress Also included are recorded votes presidential statements and public laws from 1999

*Proceedings of the High Court of Impeachment in the Matter of the State of Texas Versus W.L. McGaughey, Land Commissioner* Texas. Legislature. Senate. High Court of Impeachment,1893
