## **Speaking Of Stendhal:**

*Speaking of Stendhal* Storm Jameson, 2011-10-28 Storm Jameson writes of Stendhal as one speaks in suitable company of a friend. She knew him very well. Over the years she read everything available by him and she immersed herself in his life and his writings and the two cannot be separated. As a biographical subject Stendhal is vastly more rewarding than many literary figures. Something was forever happening to him usually another passionate love affair. Life at home in his youth was a smouldering battle ground he hated his father and when he rejoiced at the execution of Louis XVI be sure Storm Jameson adds that another head glimmered in his mind. There was his naively close relationship with his sister Pauline whom however he later outgrew so that he would do anything he could for her except live with her. There was his brief but horrifying experience of Napoleon's wars. And of course there was his passion for travel for society for the opera for Italy. It all became part of the texture of his books. What is so astonishing is that his contemporaries were unconscious of his genius even his old friend Merimee patronised him as a failure. Posterity has set that right and this study so lucidly and perceptively written and providing so many insights gives a marvellously concise picture of a rich and varied life.

## **Merleau-Ponty In**

**Contemporary Perspectives** Patrick Burke, J. van der Veken, 1993-07-31 Merleau-Ponty in contemporary perspective this was the theme of the conference at the Institute of Philosophy Katholieke Universiteit Leuven K U L from 29 November to 1 December 1991. Thirty years after Merleau-Ponty's untimely death it seemed appropriate to bring together scholars from Europe and from the United States of America to reappraise his philosophy. In fact a significant body of scholarship has emerged which would seem to attest to the continuing importance of his thought for a variety of disciplines within the humanities the social sciences and the philosophy of nature. In the present volume Gary Brent Madison addresses the issue whether Merleau-Ponty can be considered to be a classical philosopher. The fact that his work is one of the highlights of the phenomenological tradition and is of continuing inspiration for researchers in various domains seems to justify that claim. Yet it is the feeling of many of the contributors to this volume that the so called second Merleau-Ponty is still not really known. The unfinished state of *The Visible and the Invisible* and the cryptic condition of many of the Working Notes may be responsible for that. More research should be done to uncover the unsaid of Merleau-Ponty. Low to a remark of Paul Ricoeur in his introduction to the work of G B Madison *La Phenomenologie de Merleau-Ponty* *Une recherche des limites de la conscience* Paris Klincksieck 1973 p
