Spencers Mountain:

Spencer's Mountain Earl Hamner,2014-04-28 In this classic novel that inspired the TV series The Waltons a father struggles to support his large family in Depression era rural Virginia For generations the Spencers lived on the mountain that still bears their name in the Blue Hills of Virginia But the hard times changed everything Now Clay Spencer works at the local mill in New Dominion and lives with his family in housing provided by the company A proud patriarch he is determined to build his loved ones a new home in the hills And he ll do whatever it takes to give his children the best lives possible including his eldest son Clay Boy The first member of the family to graduate high school Clay Boy wants to go to college but the cost of higher education is too great a burden for the Spencers to bear Still his father is not easily deterred even in times of great trials and personal tragedy But to help his firstborn achieve his cherished dream the elder Clay may be forced to make a devastating sacrifice that could impact the future of the entire Spencer clan Based on the author s own family background and childhood experiences and the basis for the classic motion picture featuring Henry Fonda and Maureen O Hara Spencer s Mountain is a moving celebration of familial love and commitment in the face of overwhelming odds Evocative and unforgettable it is a timeless American classic that will continue to captivate readers for generations to come

The Waltons Mike Chopra-Gant,2013-04-16 The period in which The Waltons appeared on television screens was socially and politically volatile a testing time in which Americans grappled with stagflation rising oil prices defeat in Vietnam political corruption at the highest levels and the aftermath of the seismic political shifts that originated in the countercultural movements of the preceding decade In this fascinating book Mike Chopra Gant demonstrates how the Waltons offered 1970s America a reassuring vision of itself at this turbulent time and displayed a nostalgic desire for a return to traditional

conservative and paternalistic family values in the face of the shifts taking place in society He examines its deployment of key myths of Americanness and positions the vision of family life offered by the show in the context of changing images of the family on television from the conformity of the 1950s family in shows like Father Knows Best through the strange families of the 1960s such as The Munsters and The Addams Family and through to contemporary representations exemplified by the dysfunctional families of The Simpsons Family Guy and American Dad He also explores the show s representations of

masculinity through three generations of men and its ambiguous depiction of strong women whose demands for equality are met by apparent concessions that actually amount to a regressive restoration of female domesticity *Hiking Maine* Greg Westrich,2015-04-01 Lace up your boots and sample seventy two of the finest trails the Pine Tree State has to offer From the beaches of Acadia National Park and historic routes through Belfast or Portland to scenic treks up Mount Katahdin and backpacking along the Bigelow Range Maine has routes to please hikers of every stripe Hiking Maine describes trails that vary in length from an easy one hour stroll along a quiet nature trail to challenging treks in the backcountry Use this guide for up to date trail information accurate directions to popular as well as less traveled trails difficulty ratings for each hike
