**Edmund Kemper: the True Story of the Co-Ed Killer** Jack Rosewood, 2015-07-11 American serial killer Edmund Kemper III stalked co eds in California at the height of the era of peace and free love dismembering his victims and tossing their body parts in remote areas around Santa Cruz As pieces of young women began washing up on shore and turning up alongside rural highways female residents especially college students were decidedly on edge A lust killer who savored the act of decapitating his victims and often used their severed heads for sexual pleasure Kemper's story is particularly twisted among historical serial killers Still the true crime tale of Edmund Kemper is particularly fascinating because the man many people called a gentle giant was a near genius whose cunning manipulation of others made him particularly depraved and dangerous This true crime story a detailed biography of one of the most psychopathic serial killers of our time shares some insight into the troubled childhood and awkward nature that led the American serial killer to take 10 lives including those of six pretty co eds his paternal grandparents his calculatingly cruel mother and his mother's best friend Among historical serial killers Kemper is especially depraved since he included necrophilia and cannibalism in his gruesome mix of sordid criminal activity Ultimately Kemper's murderous inclinations and urges to kill were satisfied after he bludgeoned to death his mother a woman he'd hated since he was eight years old and he turned himself in But if he hadn't finally acted on his long held fantasy to end his mother's life he might still be trolling California highways getting away with murder

Edmund Kemper Ryan Becker, 2017-08-08 Real Crime by Real Killers A series where we explore how normal individuals turned their darkest fantasies into a reality Edmund Emil Kemper III achieved notoriety as a serial killer when he took the lives of 10 people between August 27 1964 and April 21 1973 His victims included his adoptive grandparents six co-eds from the University of Santa Cruz his mother and his mother's friend This book explored the life of Kemper from his abusive childhood to his sentencing in November 1973 The horror of Kemper's actions go beyond the killing of his victims it was what he did with his victims bodies after killing them Necrophilia cannibalism and dismemberment were all part his routine in his attempts to satiate his morbid desires Just as terrifying as his dark fantasies were his ability to appear and function as an average person allowing him to avoid raising suspicion in those he interacted with including law enforcement Contrary to the myth that serial killers kill indiscriminately Kemper's killing spree may have been rooted in the hatred that he felt for his mother In an interview after his capture he admitted that he was intentionally developing his killing skills with each co-ed that he killed He was training for the ultimate murder which was the killing of his mother From beginning to end the book
