The Commons In Perspective:

The Commons in Perspective Philip Norton, 1981 **Commons Perspectives in South Korea** Hyun Choe, Ja-Kyung Kim, Hun-Gyo Jang, Yea-Yl Yoon, Suh-Hyun Park, 2022-03-13 Since its founding in 2011 the Research Center on the Commons and Sustainable Society has been at the forefront of Commons Research in South Korea This book brings together the discoveries and insights the Center has produced in its first decade as a contribution to international commons research and to the understanding of the commons in South Korea particularly Divided into five main parts the book charts the course of commons research in South Korea Part I surveys the historical background to commons thinking through the course of its foundation as a dictator led developmental state through to its current democratic and neoliberal status quo Following on from this Part II looks at how diverse commons perspectives have taken root during this period Part III then analyses the various specific fields through which commons research in Korea has grown After this Part IV presents the fruits of this commons research the alternative policies and social actions that have been proposed for Korean society Lastly Part V addresses the remaining challenges which ongoing commons research in Korea is seeking to address An insightful resource for scholars of both Korean political economy and commons studies more broadly

The Commons in a Glocal World Tobias Haller, Thomas Breu, Tine De Moor, Christian Rohr, Heinzpeter Znoj, 2019-04-30 This volume focuses on how in Europe the debate on the commons is discussed in regard to historical and contemporary dimensions critically referencing the work of Elinor Ostrom It also explores from the perspective of new institutional political ecology NIPE how Europe directly and indirectly affected and affects the commons globally Most of the research on the management of commons pool resources is limited to dealing with one of two topics either the interaction between local participatory governance and development of institutions for commons management or a political economy approach that focuses on global change as it is related to the increasingly globalised expansion of capitalist modes of production consumption and societal reproduction This volume bridges the two addressing how global players affect the commons worldwide and how they relate to responses emerging from within the commons in a global local glocal world Authors from a range of academic disciplines present research findings on recent developments on the commons including historical insights new innovations for participatory institutions building in Europe or several types of commons grabbing especially in Africa related to European investments and restrictions on the management of commons at the international level European case studies are included providing interesting examples of local participation in commons resource management while simultaneously showing Europe as a centre for globalized capitalism and its norms and values affecting the rest of the world particularly developing countries This book will be of interest to students and researchers from a wide range of disciplines including natural resource management environmental governance political geography and environmental history

Perspectives and Implications for the Development of Information Infrastructures Constantinides, Panos, 2012-05-31 In the same way that

infrastructures such as transportation electricity sewage and water supply are widely assumed to be integrators of urban spaces information infrastructures are assumed to be integrators of information spaces With the advent of Web 2.0 and new types of information infrastructures such as online social networks and smart mobile platforms a more in depth understanding of the various rights to access use develop and modify information infrastructure resources is necessary Perspectives and Implications for the Development of Information Infrastructures aims at addressing this need by offering a fresh new perspective on information infrastructure development It achieves this by drawing on and adapting theory that was initially developed to study natural resource commons arrangements such as inshore fisheries forests irrigation systems and pastures while placing great emphasis on the complex problems and social dilemmas that often arise in the negotiations

System of positive polity: Theory of the future of man, with an appendix consisting of early essays on social philosophy Auguste Comte, 1877 Why Place Matters Saburo Horikawa, 2021-05-31 This book is based on the author's 33 years of intensive fieldwork It chronicles a major movement that shaped the preservation policy in Japan in the 1980s and 1990s providing thick descriptions of preservationists that are not available anywhere else in English It also provides clear answers to a series of pressing questions about preservationists are they building huggers are they selfish and myopic home owners or are they merely obstacles to urban planning and urban renewal Since 1984 Saburo Horikawa Professor of Sociology at Hosei University in Tokyo has continuously studied the movement to preserve the Otaru Canal in Otaru Japan This book shows that the preservation movement was neither conservative nor an obstacle Rather the movement sought to promote changes in which the residents place would continue to be theirs As such the word preservation does not mean the prevention of growth and development but rather its control As is shown in this study preservation allows for and can even promote change The original Japanese version of this book published by the University of Tokyo Press has won 3 major academic awards most notably The Ishikawa Prize the highest award bestowed by the City Planning Institute of Japan It is extremely unusual that a sociology book should receive such important recognition from the city planning discipline **The**
