*Slouching Towards Ayodhya : From Congress to Hindutva in Indian Politics* Radhika Desai,2004 The three essays in this volume focussing respectively on the international national and regional aspects of Hindutva provide three successive pictures of Hindutva each as it were closer up than the one before each probing progressively deeper into its dynamics They analyse the structural basis historical roots and political entrenchment of Hindutva and assess the size of the task before the forces who oppose it

**Slouching towards Ayodhya : from Congress to Hindutva in Indian politics** Radhika Desai,2004 The Three Essays In This Volume Focussing Respectively On The International National And Regional Aspects Of Hindutva Provide Three Successive Pictures Of Hindutva Each As It Were Closer Up Than The One Before Each Probing Progressively Deeper Into Its Dynamics They Analyse The Structural Basis Historical Roots And Political Entrenchment Of Hindutva And Assess The Size Of The Task Before The Forces Who Oppose It

## **Slouching Towards Ayodhya** Radhika

Desai,2002 Focussing on Hindutva and its political approach in India

The Rhetoric of Hindutva Manisha Basu,2017 Examines the rise of the urban right wing Hindu nationalist ideology in India called Hindutva between 1984 and 2004

**Developmental and Cultural Nationalisms** Radhika Desai,2013-10-18 Premature announcements of the eclipse of nation states under globalization and empire stand exposed as the 21st century s first economic crisis underlines their continuing importance A predominantly cultural study of nationalism was unable to resist the globalization thesis Focusing on selected Asian cases this book argues that nationalisms have always contained political economies as well as cultural politics Placing nation states centrally in our understanding of modern capitalism it challenges the globalization thesis Rather than eclipse nations and nationalisms have undergone changes under the impact of neoliberalism since the 1970s Classical 20th century developmental nationalisms emphasised citizenship economy and future orientations Later cultural nationalisms Asian values Hindutva Confucianism or Nihonjiron stressed identity culture and past orientations Amid neoliberalism s flagrantly unequal political economy not primarily concerned with material production or productivity they glorified static conceptions of original cultures and identities whether religious ethnic or other and justified inequality as cultural difference In contrast to the popular mobilizations which powered developmental nationalisms cultural nationalisms thrived on neoliberalism s disengagement and disenfranchisement albeit partially compensated by the political baptism of newly enriched groups Extremist wings of cultural nationalism in some countries were a function of this lack of popular support This book was published as a special issue of Third World Quarterly

*Future of Multicultural Britain* Pathik Pathak,2008-08-27 Global politics are deeply affected by issues surrounding cultural identity Profound cultural diversity has made national majorities increasingly anxious and democratic governments are under pressure to address those anxieties Multiculturalism once heralded as the insignia of a tolerant society is now blamed for encouraging segregation and harbouring extremism Pathik Pathak makes a convincing case for a new progressive politics that confronts these concerns

Drawing on fascinating comparisons between Britain and India he shows how the global Left has been hamstrung by a compulsion for insular identity politics and a stubborn attachment to cultural indifference He argues that to combat this cultural identity must be placed at the centre of the political system Written in a lively style this book will engage anyone with an interest in the future of our multicultural society

**A Companion to the Anthropology of India** Isabelle

Clark-Decès,2011-02-10 A Companion to the Anthropology of India A Companion to the Anthropology of India offers a broad overview of the rapidly evolving scholarship on Indian society from the earliest area studies to views of India's globalization in the twenty first century Contributions by leading experts present up to date comprehensive coverage of key topics that include developments in population and life expectancy caste and communalism politics and law public and religious cultures youth and consumerism the new urban middle class civil society social moral relationships environment and health The broad variety of topics on Indian society is balanced with the larger global issues demographic economic social cultural political religious and others that have transformed the country since the end of colonization Illuminating the continuity and diversity of Indian culture A Companion to the Anthropology of India offers important insights into the myriad ways social scientists describe and analyze Indian society and its unique brand of modernity

*Secularism, Communalism, and the Intellectuals*

Zaheer Baber,2006 These essays focus on the role of fashionable critiques and smug dismissals of secularism and modernity and the unqualified defense of so called indigenous traditions in providing intellectual support for the discourse of Hindutva Zaheer Baber's stern indictment of anti secular intellectuals should promote a revival of genuine Indian sociology rather than their unimaginative Indology Baber takes T N Madan Ashis Nandy and Veena Das to task he offers us a theory of communalism and he advises us to consider a comparative race framework for the oppressions meted out to the socially suppressed within India all this in a very short readable and insightful book Vijay Prashad

**The Everyday Life of Hindu Nationalism** Shubh Mathur,2008 This is an ethnographic account of the rise of Hindu nationalism in the north Indian state of Rajasthan during the period 1990-94 It looks at the transformation of cultural meanings in everyday life that make possible the political success and the anti minority violence of the Hindu right Media and academic accounts of the Hindu right that present images of religious frenzy and fanaticism are misleading because they draw attention away from the world of the everyday and the ordinary from the homes workplaces schools and communities where the realities of Hindu nationalism are created and maintained This book takes seriously the claims of RSS activists that theirs is a cultural organization and that its main task is character building in order to answer the central question How does one comprehend the selves that are capable of the extraordinary violence witnessed in India at the turn of the millennium The patterns of anti minority violence that

accompanies the rise of Hindu nationalism show that it follows not a political or economic logic but a cultural one The geographic and demographic distribution of violence maps and confirms cultural beliefs about the nation and its enemies Finally this book argues that media and academic discourses on Hindu nationalism function to produce what has been called

cultural anesthesia diffusing and deflecting questions about agency and accountability while silencing the experience of the victims and excluding the cultural idioms which provide them means of comprehension and healing **The Republic of Hunger and Other Essays** Utsa Patnaik,2007 **The Globalizing City in the Time of Hindutva** Renu B. Desai,2008
