Digitalization and Artificial Intelligence in Courts ,2025-09-25 In an era of rapid technological advancement justice systems around the world stand at the threshold of a profound transformation Digitalization and artificial intelligence offer unprecedented opportunities to enhance efficiency broaden access to legal remedies and bring courts closer to citizens Yet as judicial processes become increasingly digitalized and automated critical questions arise how can we ensure transparency fairness and accountability in online dispute resolution ODR and AI driven systems What protections must be in place to preserve privacy uphold fundamental rights and ensure that technology serves rather than undermines the core principles of justice Positioned at the intersection between technology and justice Digitalization and Artificial Intelligence in Courts

Opportunities and Challenges explores these questions The first part of the volume considers strategies for bridging the digital divide explores the potential for process pluralism outlines data protection requirements and emphasizes the necessity of robust cybersecurity frameworks It also tackles one of the most pressing concerns of the digital era fostering trust and legal certainty in a virtual justice system The second part presents a comparative analysis of selected groundbreaking national and cross border court digitalization initiatives from England and the United States to China Pakistan and the European Union The final part examines the role of AI in courts offering a critical reflection on its promises and perils from algorithmic bias to the controversial concept of AI judges Through a rigorous and balanced analysis the authors map the opportunities and challenges of an increasingly digitalized legal landscape Essential for legal professionals policymakers and scholars Digitalization and Artificial Intelligence in Courts serves as a fundamental guide to navigating the future of justice systems and technology in the twenty first century Includes a foreword by Lord Briggs of Westbourne Justice of the Supreme Court of the United Kingdom *Bowker's Law Books and Serials in Print* ,1995 *Canadian Books in Print* ,1999

Technology, Innovation and Access to Justice Maximilian Spohr, Siddharth Peter de Souza, 2020-12-04 While legal technology may bring efficiency and economy to business where are the people in this process and what does it mean for their lives Brings together leading judges academics practitioners policy makers and educators from countries including India Canada Germany United Kingdom South Africa and Nigeria Includes contributions from Roger Smith Dory Reiling Christian Djefal George Williams and Odunoluwa Longe Offers a dialogue between theory and practice by presenting practical and reflective essays on the nature of changes in the legal sector Analyses technological changes taking place in the legal sector situates where these developments have taken place who has brought it about and what impact has it had on society Around four billion people globally are unable to address their everyday legal problems and do not have the security opportunity or protection to redress their grievances and injustices Courts and legal institutions can often be out of reach because of costs distance or a lack of knowledge of rights and entitlements and judicial institutions may be under funded leading to poor judicial infrastructure inadequate staff and limited resources to meet the needs of those who require such services This book sets out to embed access to justice into mainstream discussions on the future of law and to explore how this can be addressed in different parts of the legal industry It examines what changes in technology mean for the end user whether an ordinary citizen a client or a student It looks at the everyday practice of law through a sector wide analysis of law firms universities startups and civil society organizations In doing so the book provides a roadmap on how to address sector specific access to justice questions and to draw lessons for the future The book draws on experiences from judges academics practitioners policy makers and educators and presents perspectives from both the Global South and the Global North
