

### Some lessons learned

- Write everything down. What decisions were made and why.
- Starting early allows more time for consultation, including people with lived experience. It can improve the quality of the count and community buy-in.
- Assistant Coordinators are needed for most community counts and are particularly helpful for managing volunteers close to the count date.
- Surveyors should understand what populations you are trying to screen-in to the survey and what information the questions are meant to provide.
- Surveyors should review their forms with volunteers as they come in to clarify any ambiguities on the spot.
- Budget for data analysis and report writing – consider seeking partnerships with universities or colleges.
