

SNOWBALL'S CHANCE IN HELL

Snowballs Chance

Scott Juris

Snowballs Chance:

The Never End John Reed, 2023-07-27 This book presents full history of the origin of Orwell's Animal Farm as well as a translation of the Russian Ukrainian source work. Has George Orwell lost his saintly luster? In *The Never End*, rabble rouser, dogged investigator and consummate literary stylist John Reed collects two decades of subject Orwell findings previously published in Pank, Guernica, Literary Hub, The Brooklyn Rail, The Rumpus, The New York Press, The Believer, Harper's Magazine, and The Paris Review. Reed's treatment of Orwell is corrective and peerlessly contemporary; he views Orwell in a twenty-first century global context, considering Orwell's collaboration with Cold War intelligence operations, US and UK with unfaltering objectivity. It's hard to imagine that Orwell in our own moment of global doublethink wouldn't have wanted his devotion to contrariety applied to the literary legacy he left behind. *The Never End* is at once a hatchet job and a celebration. Animal Farm based on a previously unknown Russian short story, Animal Farm deployed by the CIA, MI6 and the Congress for Cultural Freedom, Orwell turning over blacklists in a McCarthy-esque act of betrayal. The Cold War. Does it last forever? Russia, the Axis of Evil, and now China. But Orwell. Course syllabi. Literary laurels. Snitch. Why do we keep coming back? For the wrong reasons. Or because we know Old Benjamin would want us to know the truth.

[Chronicles of a Space Mercenary](#) Ronald Wintrick, 2013-06-05 The thing I hated most about working for the government, any government, they all seemed to think alike was that then they invariably thought that they owned you. Patriotism, duty, and all those other words that meant they thought they were entitled to what was yours. All meaningless, trite to a world less vagabond like myself. My ship was my home, and I needed no other. They're waiting for a response. Captain Tanya Serensen said, my strong first and the meanest bitch I have ever met. The war was over. We were had. Been part of the Federation forces which had unsuccessfully attempted to unify the four hundred and seventy-two known human worlds. We had been smashed ruthlessly to put mildly what had been a lost cause from the beginning. I had been paid handsomely with trade goods and supplies, semi-precious metals and fuel rods to be exact, plus I'd brought my ship, Last Chance, and my crew through without a scratch. So I had not complained when everyone started signing peace treaties. The problem began when I informed my erstwhile employers that with hostilities ended, so too were my obligations. I had fulfilled to the letter our contract. I owed them nothing more. They had not agreed. There were now three of my former allies positioned in attack formation outside Last Chance's hull. Not only did they not feel as if I had not completely fulfilled my end of the bargain, but I was getting the distinct impression they would not be satisfied until they had added Last Chance herself to their now depleted arsenal. I guess they felt that with all the losses they had suffered, that Last Chance would be a welcome addition to their much depleted Navy. I guess they hadn't quite learned their lesson about attempting to force their wills on unwilling subjects. Some people are simply incapable of understanding. Especially people in positions of power, like governments, for example. You bastards. I snarled. I should have known these ungrateful hypocrites would try to backstab me, especially now that every planet was a law unto itself, only answerable to itself, and they angry at

the defeat they had suffered They were quick at jumping on the bandwagon of self governance now that no unifying government held sway That was for sure Is that your response Tanya asked no inflection in her voice No I snapped The crazy bitch would repeat it too if I didn t specifically say no A first impression of Tanya Serensen would never give you the insightful depth that existed behind her innocent appearing stunningly beautiful face Blond hair blue eyes body and face of a love goddess barely fifty kilos soaking wet but as vicious as a Tarnian Bola Raptor when angered and if you ve ever been to Tarnia you know there is no living creature meaner nor better able to defend itself That s my Tanya in a nutshell A very tough unbreakable nutcase What are we going to do Demanded David Bren my Science Engineer when I didn t immediately make a decision Bren is a mathematical genius and quite able to compute our odds no matter which decision I ultimately made whether we fought or fled against the three Class Four Katon Destroyers which were arrayed around us in a roughly triangular formation Not that it took a mathematical genius to figure these odds We were fucked and that was the long and the short of it To fight would be bad To flee worse To surrender the worst They weren t going to let us survive to go running around telling anyone who would listen how we had been robbed by the honest law abiding Katons They had
