## **So Be It Or The Chips Are Down:**

All We Leave Behind David Baird, 2012-02-15 Thirty seven year old John Morgans personal life is already in disarray when he receives a phone call that his brother and niece are dead His relationship with his father is nearly nonexistent he barely speaks to his sister and he has no real friends to lean on As the tragic news slowly begins to sink in John realizes he is floating aimlessly in the middle of an unpredictable sea of emotions with no one to rescue him Lost in his childhood memories regrets and grief John begins to reevaluate his life his relationships and why he has trouble connecting with and even loving others As he attempts to regain the happiness that was stolen from him when his father rejected him over his writing John begins a painstaking journey to climb out of the depths of despair But it is only a matter of time before his past catches up with him and forces him to face all of the realities in his life In this compelling tale that movingly illustrates the devastating effects of a dysfunctional family John must learn to change what he can accept what he cannot and make the difficult decision to leave some things behind

Relating Religion Jonathan Z. Smith, 2004-11-10 One of the most influential theorists of religion Jonathan Z Smith is best known for his analyses of religious studies as a discipline and for his advocacy and refinement of comparison as the basis for the history of religions *Relating Religion* gathers seventeen essays four of them never before published that together provide the first broad overview of Smith's thinking since his seminal 1982 book *Imagining Religion* Smith first explains how he was drawn to the study of religion outlines his own theoretical commitments and draws the connections between his thinking and his concerns for general education He then engages several figures and traditions that serve to define his interests within the larger setting of the discipline The essays that follow consider the role of taxonomy and classification in the study of religion the construction of difference and the procedures of generalization and redescription that Smith takes to be key to the comparative enterprise The final essays deploy features of Smith's most recent work especially the notion of translation Heady original and provocative *Relating Religion* is certain to be hailed as a landmark in the academic study and critical theory of religion

*Authenticity as an Ethical Ideal* Somogy Varga, 2013-03-01 Authenticity has become a widespread ethical ideal that represents a way of dealing with normative gaps in contemporary life This ideal suggests that one should be true to oneself and lead a life expressive of what one takes oneself to be However many contemporary thinkers have pointed out that the ideal of authenticity has increasingly turned into a kind of aestheticism and egoistic self indulgence In his book Varga systematically constructs a critical concept of authenticity that takes into account the reciprocal shaping of capitalism and the ideal of authenticity Drawing on different traditions in critical social theory moral philosophy and phenomenology Varga builds a concept of authenticity that can make intelligible various problematic and potentially exhausting practices of the self

*The Proper Study of Religion* Sam Gill, 2020-08-14 In *The Proper Study of Religion* Sam Gill charts an innovative course of development for the academic study of religion by engaging the legacy of Jonathan Z Smith Gill's teacher and mentor for fifty years Building on Smith's foundational legacy through

creative encounters Gill explores an extensive range of absorbing topics including comparison as essential to academic technique and to human knowledge itself play philosophically understood as a core dynamic of Smith's entire program the relationship of academic document based studies to the sensory rich real world of religions and self moving as providing a biological and philosophical foundation on which to develop and expand upon a proper academic study of religion Danny Boy Tony Breeze,1995 DANNY BOY was born when the author read the following small clip in a newspaper MOORLAND HUNT FOR MISSING TROOPER More than 200 people hunted across the rough moor land in Wensleydale North Yorkshire yesterday for a part time soldier 20 year old Trooper Colin Jones who vanished during a map reading exercise a week ago Police said there was now little hope of finding him alive following several days of bad weather In other words the theme of DANNY BOY the loss of a young man on a weekend exercise is factual though the characters are not having been born in the author's imagination The play revolves around a central area of rocks on the moors created perhaps by throwing an army camouflage net over tables chairs etc where Danny arrives expecting to find a rendezvous point and flashbacks are used in two side areas of the stage by means of cross fading the spots Danny steps into one or the other of the side areas to re enact the events leading up to his present predicament and in the final part of the play where Danny's mind begins to break down the characters from the past drift into his central area The final conflict of mother and Major Thomas urging Danny to either kill or not kill his one source of food the mouse needs a lot of rehearsing and must begin with a slow metronome effect building up to the crescendo where Danny throws away his captive If the play is tried with just three actors it is possible then simple clothing must be used to suggest the characters and in the final lines of the play the two inciters Mum and Major Thomas must turn their backs on Danny to give the voices of Mum and the stepfather *Charleston's Green Flash* Stephen P. Dowdney,2016-05-21 Dann is a successful business owner now early retired He returns to the place of his childhood in search of the elusive peace he had once known but never experienced again After a shocking discovery he meets Heather under most questionable circumstances He discovers she is similarly challenged Dann embarks on a life changing journey to help Heather find the peace that so alludes him While relentlessly pursued by Charleston police he uses his significant assets and his special forces background as he attempts as a vigilante to right the wrongs committed against this young woman Set in Charleston among all the color and lore of the nation's most beloved colonial city the story evolves into far more than a loose cannon using terror tactics to assist a lady nearly defeated In the process he too finds his peace The book is an exciting read offering along their journey questions about many of life's perceived desires and goals **The Nation** ,1948
