**Shaping the Corporate Future** Kevin Barham, Clive Rassam, 2025-03-03 First published in 1989 *Shaping the Corporate Future* describes how executives in some of Europe's leading companies see the future for their organizations. It also sets out some of the steps they are taking in an attempt to ensure a successful future. The companies that feature in this book range from large well-known internationals like ICI, Electrolux and Shell UK to medium-size firms such as Jaguar, BMW and JCB. The book discusses important themes like coping with unpredictability, 1992 and the global market stimulating freedom and responsibility towards a new idea of management, creating the international manager and rethinking the market. This is an important reference work for students of business management, executive training programs and for corporate professionals.

You Want Fries With That Prioleau Alexander, 2011-05-01 Ever fantasized about quitting your job and starting over? Prioleau Alexander did just that. Here is his laugh-out-loud, funny, endearing and humbling exploration of life at minimum wage. Alexander walked away from a lucrative career as an advertising executive seeking a life like that dude on Kung Fu. Over the next year he worked minimum wage jobs as a pizza deliveryman, ice cream scooper, construction worker, ER tech, fast food jockey and even cowboy on a Montana dude ranch. He reveals a side of America that is rarely seen and questions the stale white-collar notions of a deeper, more meaningful life beyond the cubicle. In *You Want Fries With That*, Prioleau explores life at minimum wage and proves unequivocally that the grass is not always greener on the other side. *Tid-bits*, 1884
