Social And Sexual Revolution Essays On Marx And Reich:

Social and Sexual Revolution Bertell Ollman, 1978 Bertell Ollman combines Marxist teachings with the revolutionary theories of Wilhelm Reich in formulating a socialist strategy that is appropriate to advanced capitalist societies **Sexuality and Its Discontents** Jeffrey Weeks, 2002-05-03 Few topics evoke so much anxiety and pleasure pain and hope discussion and silence as sexuality Throughout the Christian era it has been a major moral preoccupation Since the eighteenth century it has also been the focus of scientific exploration and political activity But despite this obsessive concern we are still as baffled as our predecessors about the true meaning of sex In this book Jeffrey Weeks unravels the dense web of historical theoretical and political forces that have culminated in the contemporary crisis of sexual meanings and values The book begins with a powerful evocation of our present discontents and their potent signs the rise of the New Right the retreat of progressive forces and a wave of moral panics around sex It argues that this crisis is rooted in a tradition which has ascribed an inflated importance to sexuality whilst claiming a privileged access to truth The author then examines radical debates of recent years and asks whether they contain the potentiality for taking us beyond the existing boundaries of sexuality From this analysis emerges a controversial radical pluralist approach to sexuality built on an acceptance of diversity and choice By linking our present discontents to a clear understanding of the past Jeffrey Weeks presents a rational optimistic and challenging vision of a realizable future **Feminism and the Early Frankfurt School**, 2023-11-27 The early Frankfurt School and feminism can and should inform each other This volume presents an original collection of scholarship bringing together scholars of the Frankfurt School and feminist scholars Essays included in the volume explore ideas from the early Frankfurt School that were explicitly focused on sex gender and sexuality and bring ideas from the early Frankfurt School into productive dialogue with historical and contemporary feminist theory Ranging across philosophy sociology gender and sexuality studies science studies and cultural studies the essays investigate heteropatriarchy essentialism identity intersectional feminism and liberation Set against an alarming context of growing gender and related forms of authoritarianism this timely volume demonstrates the necessity of thinking these powerhouse approaches together in a united front Contributors are Cristian Ar o Karyn Ball Nathalia N Barroso Mary Andrea Caputi Sergio Bedoya Cort s Jennifer L Eagan Lea Gekle Imaculada Kangussu Kristin Lawler Jana McAuliffe Mario Mikhail Ryan Moore Rafaela Pannain Simon Reiners Frida Sandstr m Caio Vasconcellos Tivadar Vervoort Nicole Yokum and Lambert Zuidervart **Gender and Feminist Theory in Law and Society** Madhavi Sunder, 2017-11-30 This volume chronicles a quarter century of feminist theorizations on equality and liberty The essays demonstrate a continuing commitment to feminist method a democratic notion that all people have a right to participate in the production of knowledge of the world including legal knowledge and manifest feminism s continuing critical tradition namely theorists willingness to see multiple factors including feminism itself as obstructing enlightened constructions of the world Taken together the essays suggest that liberty to make the world is not just a means to an end equality but is a
