The Politics of Modern Turkey: Major issues and themes in contemporary Turkish politics William M. Hale, Ali Çarkoğlu, 2008 A newly written introduction opens this collection which brings together nearly seventy pieces of canonical and cutting edge research covering all aspects of politics in Turkey from the end of the Ottoman Empire to the application for EU membership a period of about eighty years representing one of the most dramatic modernization drives in any nation Among issues covered are secularism democracy US Russian Middle East Turkish foreign policy issues and the role of women in Turkish Hitler's Voice: Nazi ideology and propaganda Detlef Mühlberger, 2004 Detlef Mühlberger s work *Hitler s Voice* *The Volkischer Beobachter* 1920 1933 is an important addition to the study of National Socialism In today s scholarship it is difficult to locate a detailed work on National Socialism that does not rely in some way on the *Volkischer Beobachter* it was truly the bullhorn of the party from the time when the National Socialists were no more than a small group of unknowns gathering at the Munich Bürgerbräukeller until they gained power in 1933 Considering the vast amount of literature on National Socialism however it is surprising that until now there have only been shorter articles and two dissertations and not a single comprehensive analysis of the newspaper Mühlberger s translation of articles from the *Volkischer Beobachter* addresses this lacuna He has sifted through eleven years of the paper condensing them into two volumes His first volume gives a chronological account of the development and organization of the party until 1933 while the shorter second volume entitled *Nazi Ideology and Propaganda* examines topical issues such as attacks against the Weimar Republic racism and attempts by the party to garner support from workers farmers and the German Mittelstand *Public Opinion* ,1989
