Abou El Fadl,2001-08-28 This is a substantially expanded edition of the author s seminal work The Authoritative and Authoritarian in Islamic Discourses A Contemporary Case Study Beginning with the case study of a Muslim basketball player who refused to stand up while the American national anthem was playing the author documents the disintegration of the Islamic juristic tradition and the prevalence of authoritarianism in contemporary Muslim discourses The author analyzes the rise of what he describes as puritan and despotic trends in modern Islam and asserts that such trends nullify the richness and diversity of the Islamic tradition By declaring themselves the true soldiers of God and the defenders of religion Muslim puritan movements are able to degrade women eradicate critical thinking and empty Islam of its moral content In effect the author argues the self declared protectors of Islam become its

despots and oppressors who suppress the dynamism and vigor of the Islamic message Anchoring himself in the rich Islamic jurisprudential tradition the author argues for upholding the authoritativeness of the religious text without succumbing to authoritarian methodologies of interpretation Ultimately the author asserts that in order to respect the integrity of the Divine laws it is necessary to adopt rigorous analytical methodologies of interpretation and to re investigate the place of morality in modern Islam

The Supreme Court in American Politics Howard Gillman, Cornell W. Clayton, 1999 For decades political scientists studying the Court have adopted behavioral approaches and focused on the relatively narrow question of how the justices policy preferences influence their voting behavior This emphasis has illuminated important aspects of Supreme Court politics but it has also left unaddressed many other important questions about this unique and fascinating institution Drawing on the new institutionalism in the social sciences the distinguished contributors to this volume attempt to fill this gap by exploring a variety of topics including the Court s institutional development and its relationship to broader political contexts such as party regimes electoral systems social movements social change legal precedents political identities and historically evolving economic structures The book s initial chapters examine the nature of the Court s distinctive norms as well as the development of its institutional powers and practice A second section relates the development of Supreme Court politics to the historical development of other political institutions and social movements Concluding chapters explore how its decision making in particular areas of law or periods of time is influenced by and influences its socio political milieu These contributions offer provocative insights regarding the Court s role in maintaining or disrupting political and economic structures as well as social structures and identities tied to ideology class race gender and sexual orientation The Supreme Court in American Politics shows how we can develop an enriched understanding of this institution and open up exciting new areas of research by placing it in the broader context of politics in the United States

The Minaret , 1997 God and Man in the Law Robert Lowry Clinton, 1997 In a wide ranging study based on legal history political theory and philosophical ideas going all the way back to Plato and Roman law Robert Clinton challenges current faith in an activist judiciary Claiming that a human centered Constitution leads to government by reductive moral theory and illegitimate judicial review he advocates a return to traditional jurisprudence and a God centered Constitution grounded in English common law and its precedents

Smetana,2005-07-05 This volume describes research focusing on changes in different dimensions of parenting and conceptions of parental authority during adolescence The seven chapters illuminate the dimensions of parenting that change or remain stable over the course of adolescence The chapters also highlight the importance of considering variations in parenting according to the different domains of adolescents lives their relationships to the development of responsibility autonomy and how these are influenced by socioeconomic status culture and ethnicity Thus the chapters in this volume provide new directions for conceptualizing variations in parenting over the second decade of life and their implications for adolescent adjustment and well being The authors point to the need for developmentally sensitive models of parenting that consider changes within domains over time their influence on adolescent development and functioning and potential asynchronies between parents and adolescents This is the 108th volume of the Jossey Bass quarterly report series New Directions for Child and Adolescent Development

The Authoritative And The Authoritarian: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
