

The Basque And The Boy

Jordanna Bailkin

The Basque And The Boy:

The Basque and the Boy John Alton Croner, 1982-01-01 [War, Judgment, and Memory in the Basque Borderlands, 1914-1945](#) Sandra Ott, 2008-03-28 During the first half of the twentieth century the French Basque province of Xiberoa was a place of refuge conflict transit exile and foreign occupation At the Liberation of France in 1944 many Xiberoans confronted ongoing local divisiveness rooted in the interwar years and faced new conflicts arising from legal and civic judgments made during Vichy and German occupation This book traces the roots of their divided memories to local and official interpretations of what constituted legitimate judgment legitimate behavior and justice during those troubled times In order to capture a sense of the diverse ways in which Xiberoan Basques responded to the Germans in their midst the author explores and contrasts the experiences of people in four different communities located within a fifteen mile radius

The American Theosophist, 1912 *The Basque History of the World* Mark Kurlansky, 2010-07-05 The Basque History of the World is the illuminating story of an ancient and enigmatic people Signs of their civilization existed well before the arrival of the Romans in 218 B C and though theories abound no one has ever been able to determine their origins Their ancient tongue Euskera is equally mysterious It is the oldest living European language and is related to no other language on Earth Yet despite their obscure origins and small numbers 2 4 million people today the Basques have had a profound impact on Europe and the world for more than 2 000 years Never seeking more land they have nonetheless fiercely defended their own against invaders ranging from the Celts and Visigoths to Napoleon and Franco They have always been a paradoxical blend of inbred tradition and worldly ambition preserving their indigenous legal code cuisine literature even their own hat and shoe while at the same time striving immodestly to be leaders in the world They were pioneers of commercial whaling and cod fishing were among the first Europeans in the Americas Africa and Asia during the age of exploration and were prosperous capitalists when capitalism was a new idea later leading the Industrial Revolution in southern Europe Their influence has been felt in every realm from religion the charismatic Ignatius Loyola founded the Jesuits in 1534 to sports and commerce Today even while clinging to their ancient tribal identity they are ready for a borderless world The unique Basque concept of nationhood has never been more relevant at a time when Basques are enjoying what may be the most important cultural renaissance in their long existence Mark Kurlansky s passion for the Basque people their heroes and commoners alike and his exuberant eye for detail shine throughout The Basque History of the World Like his celebrated book Cod it blends human stories with economic political The Basque History of the World is the illuminating story of an ancient and enigmatic people Signs of their civilization existed well before the arrival of the Romans in 218 B C and though theories abound no one has ever been able to determine their origins Their ancient tongue Euskera is equally mysterious It is the oldest living European language and is related to no other language on Earth divYet despite their obscure origins and small numbers 2 4 million people today the Basques have had a profound impact on Europe and the world for more than 2 000 years Never seeking more land they have

nonetheless fiercely defended their own against invaders ranging from the Celts and Visigoths to Napoleon and Franco. They have always been a paradoxical blend of inbred tradition and worldly ambition preserving their indigenous legal code, cuisine, literature, even their own hat and shoe while at the same time striving immodestly to be leaders in the world. They were pioneers of commercial whaling and cod fishing, were among the first Europeans in the Americas, Africa and Asia during the age of exploration, and were prosperous capitalists when capitalism was a new idea later leading the Industrial Revolution in southern Europe. Their influence has been felt in every realm from religion to the charismatic Ignatius Loyola founded the Jesuits in 1534 to sports and commerce. Today even while clinging to their ancient tribal identity they are ready for a borderless world. The unique Basque concept of nationhood has never been more relevant at a time when Basques are enjoying what may be the most important cultural renaissance in their long existence. *div Mark Kurlansky's passion for the Basque people, their heroes and commoners alike, and his exuberant eye for detail, shine throughout The Basque History of the World. Like his celebrated book Cod, it blends human stories with economic, political, Humanitarianism and Media.*

Johannes Paulmann, 2018-12-17. From Christian missionary publications to the media strategies employed by today's NGOs, this interdisciplinary collection explores the entangled histories of humanitarianism and media. It traces the emergence of humanitarian imagery in the West and investigates how the meanings of suffering and aid have been constructed in a period of evolving mass communication, demonstrating the extent to which many seemingly new phenomena in fact have long historical legacies. Ultimately, the critical histories collected here help to challenge existing asymmetries and help those who advocate a new cosmopolitan consciousness recognizing the dignity and rights of others.

Identity, Culture, And Politics

In The Basque Diaspora Gloria Pilar Totoricagüena, 2015-03-20. Gloria P. Totoricagüena presents a thorough comparative examination of the remarkable endurance of Basque identity and culture in six countries of the far flung Basque diaspora. Using the results of interviews and extensive anonymous surveys with more than eight hundred informants in the diaspora plus extensive research in archives and printed sources in all six of her study countries, Totoricagüena reveals for the first time the complex and interrelated universe of these dispersed Basques. She explores the elements of their migration patterns and the institutions that have encouraged identity maintenance, the impacts on established communities of each new wave of immigrants and the nature of economic and political ties with the homeland. Totoricagüena offers a superb quantitative study of an aspect of Basque culture that has been largely ignored by scholars: the diaspora. In doing so she enlarges the understanding of cultural identity in general, how it is defined and preserved, how it evolves over time and how both the politics of distant places and the most intimate family habits can shape an individual's sense of self. *Identity, Culture, And Politics in the Basque Diaspora* is a major contribution to the knowledge of Basques and their persistent political and cultural traditions.

Panorama of Nations, Or, Journeys Among the Families of Men Harry Gardner Cutler, Levi W. Yaggy, 1888

Unsettled Jordanna Bailkin, 2018. Over the course of the twentieth century dozens of British refugee camps housed

hundreds of thousands of displaced people from across the globe Unsettled explores the hidden world of these camps and traces the complicated relationships that emerged between refugees and citizens **The laughing men, tr. Bellina Phillips. 4v** Victor Hugo,1895 **Father and Son** Llewelyn Thomas,1898 **Notes and Queries: a Medium of Inter-communication for Literary Men, Artists, Antiquaries, Genealogists, Etc** ,1899 The Boy's Own Annual ,1920
