The 1920 Olympic Games Bill Mallon, 2003 Till now the results of the 1920 Olympics held in Antwerp Belgium have been far from complete The Antwerp organizing committee published an official report actually just a typed copy of the results almost as an afterthought because it was so financially strapped after the games For some events only the medalists are listed with little if any additional information Very few copies were ever printed and those few copies were in French The seventh in a series on the early Olympics this work fills a gap in the recording of early Olympics history by providing complete results for all competitors and all events except for shooting which has only partial information due to the obscurity of the results In virtually all cases a 1920 source has been used in preference to a more modern source of information and all details have been fully researched in contemporary newspapers journals and magazines and checked for accuracy by experts on various sports from all over the world The appendices include a schedule of events and festivities for the 1920 Olympics information on World War I and Olympians a tentative schedule of events that had been planned for the 1916 Olympic Games which never took place because of the war and information on the 1919 Inter Allied Games
