## **Social And Economic Statistics For Africa Their Sources Collection Uses:**

Social and Economic Statistics for Africa G.M.C. Kpedekpo,P.L. Arya,2024-07-12 Originally published in 1981 this book deals with the general nature of social and economic statistics their sources collection use and reliability with an emphasis on Africa and source material available in Africa which deals with Africa The authors look in depth at specific topics such as population crime health housing labour social security agriculture external trade and national accounts Particular attention has been paid to the role played by Western concepts and definitions analysis and interpretation of African statistics and the problems to which these concepts give rise Explanation on how to interpret critically statistics collected by others and those which are published and used to guide decision making by governments and private organisations alike is given

Undergraduate students taking courses in statistics and quantitative methods in Social Science Faculties through Africa will find this book useful as well as students of education agriculture and medicine in their introductory statistics courses

The Palgrave Handbook of African Political Economy Samuel Ojo Oloruntoba,Toyin Falola,2020-06-23 This handbook constitutes a specialist single compendium that analyses African political economy in its theoretical historical and policy dimensions It emphasizes the uniqueness of African political economy within a global capitalist system that is ever changing and complex Chapters in the book discuss how domestic and international political economic forces have shaped and continue to shape development outcomes on the continent Contributors also provoke new thinking on theories and policies to better position the continent s economy to be a critical global force The uniqueness of the handbook lies in linking theory and praxis with the past future and various dimensions of the political economy of Africa

Statistical Tragedy in Africa? Morten Jerven,Deborah Johnston,2017-10-02 What do we know about economic development in Africa The answer is that we know much less than we would like to think This collection assesses the knowledge problem present in statistics on poverty agriculture labour education health and economic growth While diverse in origin the contributors to this book are unified in two conclusions the quality and quantity of data needs to be improved and this is a concern not just for statisticians

Weaknesses in statistical methodology and practice can misinform policy makers international agencies donors the private sector and the citizens of African countries themselves This is also a problem for academics from various disciplines from history and economics to social epidemiology and education policy Not only does academic work on Africa regularly use flawed data but many problems encountered in surveys challenge common academic abstractions By exploring these flaws this book will provide a guide for scholars policy makers and all those using and commissioning surveys in Africa This book was originally published as a special issue of The Journal of Development Studies

**The Nigerian Journal of Economic and Social Studies** ,1982 Data governance in African health research: ELSI challenges and solutions Donrich Thaldar,Simisola Oluwatoyin Akintola,Bonginkosi Shozi,2025-04-02 Data protection legislation is increasingly being enacted in African countries Additionally the African Union recently adopted the AU Data Protection Framework How are these legal

and policy developments influencing established ethics notions about data governance in health research For example is broad or tiered consent to research participation sufficient or does new legislation require specific consent How do individual rights in data interact with communitarian values Should health research receive special treatment from a data protection regulatory perspective How should African countries approach AI in healthcare This research topic aims to identify and analyse ELSI challenges in contemporary data governance in African health research and to develop possible solutions for such challenges Articles in this research topic will aim to assist policy makers health researchers and ELSI practitioners in Africa to better navigate and where relevant improve data governance in African health research Perspective style articles as well as more in depth research articles are welcome While articles can analyse fundamental theoretical issues application oriented articles and articles that explore lessons learnt in practice are especially encouraged Authors should address one or more of following inter related themes within the research topic of data governance in African health research 1 Conflicts between new legal and policy developments and established ethics notions 2 Africanisation decolonisation and intra African rule harmonisation 3 The evolution of informed consent and the role of trust 4 The various legal ethical and social dimensions or meanings of data and how these dimensions interact 5 Power and control This includes individual institutional ethnic community and national claims to data It also includes existing and proposed structures of control of data such as data trusts and data transfer agreements DTAs 6 Engagement with data protection regulatory authorities 7 Artificial intelligence and Big Data International Labour Documentation International Labour Office. Bureau of Library and Information Services,2000

**Textiles in Africa** Arnold Werbeloff,1987 The Anatomy of Inclusive Cities Hangwelani Hope Magidimisha-Chipungu,Lovemore Chipungu,2023-04-27 Creating cities inclusive of immigrants in Southern Africa is both a balancing act and a protracted process that requires positive attitudes informed by accommodative institutional frameworks This book revolves around two key contemporary issues that cities around the globe are trying to achieve viz the need to build inclusive cities and the need to accommodate immigrants The search for building inclusive cities is an on going challenge which most cities are grappling with This challenge is complicated by the need to include immigrants who are always side lined by policies of host countries This book discusses the host immigrant interface by providing a detailed insight of anchors of inclusive cities and a holistic picture of who immigrants are These are then discussed contextually within the Southern African region where insight into selected cities is provided to some depth using empirical evidence The discussion on inclusive cities and immigrants is a universal narrative targeting practitioners and students in town and regional planning urban studies urban politics migration and international relations The Southern African region once more provides an opportunity to further interrogate and understand the dynamics of immigration in selected cities This book will also be of interest to policy makers dealing with challenges of inclusivity in the light of immigrants Bulletin of the United States Bureau of Labor Statistics ,1913 African Studies Information Resources Directory Jean E.
